Working with Facility Reports

This chapter outlines the reports available to facility users in HCAI, and how to generate each type of report.

To view the Reports tab in HCAI, you must be the Authorizing Officer or have the Provider Report Viewer role assigned.

HCAI Reports

To further help your Facility track its OCF submissions during a selected time period, HCAI provides a number of useful reports. Three of these are generated by the User: *Facility Submitted Invoices*, *Facility Submitted Plans* and *Submitted Forms by Insurer*. A fourth, *Monthly Financial Statement*, is automatically generated each month by the HCAI system.

To access your Facility's Reports or create a new Report in HCAI:

- Sign-in to www.hcai.ca
- Go to the Manage > Reports sub-tab

Within this screen, a User can generate a new report, view a list of previously requested reports and access the Facility's system-generated *Executive Reports*.

Monthly Financial Statement Report

An additional benefit of HCAI - available only to Web Users - is the auto-generated Monthly Financial Statement (MFS) report. This statement shows your Facility's monthly billings and provides a quick and organized way to easily review your billing activities and check for any errors. The MFS reports are similar in format to a credit card statement and display how much, and for which services, each Provider in a Health Care Facility has billed an Insurer.

To view the MFS reports, Users must have the "Facility" level of access in HCAI and the Provider Report Viewer and the Facility Administrator roles assigned.

To view a MFS report:

- Sign-in to www.hcai.ca
- Go to the Manage→ Reports sub-tab
- Under "Executive Reports Received" the MFS reports are listed
- To view a report, click on the "Monthly Financial Statement" link under "Report Name"
