Claim & Claimant Management

HCAI delivers a standardized solution for collecting and processing health claims data for the auto insurance industry. HCAI manages basic claim data and the associated Claimant information to ensure Plans, Invoices and Adjusters are associated with the correct Claimant. Both the Facility and the Insurer can manage this information in a way that enables them to accomplish their daily business goals without undue delay.

HCAI can accept both manual and data-feed driven Claim and Claimant information, with the information from the Insurer feed considered authoritative. Manually handling Claim and Claimant information is an available option to support Insurers who do not provide Claim and Claimant data feeds.

Only users who have the Claim/Claimant Administrator role, Form Manager, Form Adjuster or Claim/Claimant Editor role have access to the Claim and Claimant Management component of HCAI. This chapter provides an overview of HCAI's Claim and Claimant Management functionality.

Claim Management

This section will provide an overview on the following topics: searching for Claims, updating Claim details, adding new Claims and, deactivating/reactivating Claims. The User's ability to perform these tasks depends on his/her roles.

To access the Claim Management section on HCAI, select the Claims tab. The first screen that appears is *Claim Search*.

Toggle between Claims and Claimants Management by clicking on the sub-tabs

The screenshot shows the HCAI Claims Management interface. The top navigation bar includes tabs for DASHBOARD, DOCUMENTS, CLAIMS, SEARCH, and MANAGE. Below this is a sub-navigation bar with 'CLAIMS' and 'CLAIMANTS' tabs. A green arrow points from the text 'Toggle between Claims and Claimants Management by clicking on the sub-tabs' to the 'CLAIMS' tab. The main content area displays a 'General Notification' section with a table showing the number of recent and older active claims with no claimants. Below this is an 'Add a New Claim' section with an 'ADD CLAIM' button. At the bottom is a 'Search for Claims' section with various search criteria fields and a 'SEARCH' button.

Working with Claim and Claimant Notifications

The general notification area is located on the upper part of either the *Claim Search* or *Claimant Search* screen, and is available only to users with the Claim/Claimant Administrator and/or Form Manager roles.

The general notification area displays two items:

1. **Recent, active claims with no claimants.** "Recent" is defined as any claim with a date of accident in the last 90 days.
2. **Older, active claims with no claimants.**

HCAI displays the number of claims that fit these criteria, along with a text link labeled "View Claims". Clicking View Claims will display the list of claims with no claimants.

The general notification area in the Claims tab highlights the number of Claims that do not have any associated Claimants

Claims > [Claim Search](#)

General Notification
The following items need your attention. Any claim with date of accident in the last 90 days has been categorized as 'recent'.

Recent, active claims with no claimants:	1	View Claims
Older, active claims with no claimants:	0	

Add a New Claim
To add a claim into HCAI, click "Add Claim".

[ADD CLAIM](#)

Search for Claims
Enter your search criteria and click "Search"

Claim #:

The general notification area of the Claimants tab displays three items:

1. **Recent, active claimants that are unassigned:** This indicates the number of recent, active claimants that have not been assigned to a claimant file owner. "Recent" is defined as any claimant with a date of accident within the last 90 days.
2. **Older, active claimants that are unassigned:** This indicates the number of older, active claimants that have not been assigned to a claimant file owner.
3. **Active claimants that need to be reassigned:** This indicates the number of active claimants whose assigned file owner user account is either deactivated or has insufficient privileges. These claimants need to be reassigned to a valid claimant file owner.

HCAI displays the number of claimants that fit these criteria, along with a text link labeled "View Claimants". Clicking View Claimants will display the list of claimants that meet the criteria.

The general notification area in the Claimants tab highlights the number of Claimants that are unassigned or need to be reassigned to a file owner.

Claims > [Claimant Search](#)

General Notification
The following items need your attention. Any claimant with date of accident in the last 90 days has been categorized as 'recent'.

Assign file owners for the unassigned claimants. If the user account for the current file owner is deactivated or has insufficient privileges, reassign the claimant to a different file owner.

Recent, active claimants that are unassigned:	0	
Older, active claimants that are unassigned:	2	View Claimants
Active claimants that need to be reassigned:	0	

Search for Claimants
Enter your search criteria and click "Search". Click the checkbox next to the search criteria value for an exact match.

Claim Number: Last Name: ☒

Searching for a Claim

Claim Search screen

Click the Claims tab at the top of the Insurer home page. The *Claim Search* screen appears by default. You can enter search criteria in the fields provided.

To search for a Claim, enter data in any of the following fields:

- **Claim #:** If known, the Claim number returns the exact Claim as entered
- **Policy #:** If known, the policy number returns the exact Claim as entered
- **Date of Accident:** Enter the date of accident in YYYY/MM/DD format, or use the icon to engage the calendar feature
- **Policy Holder:** Last name and first name—the “Policy Holder First Name” field cannot be used to search unless you also use the Policy Holder Last Name” field
- **Insurer:** Select the Insurer with which the Claim is associated from the Insurer drop-down list
- **Branch/Claim Group:** Select the Branch/Claim Group in the drop-down list
- **File Owner:** Select one or more file owner(s) to view their assigned claims
- **Claim Status:** Search for Active or Deactivated claims.
- **Eligible for Deactivation:** Check off one or more selection to search for claims that are eligible for deactivation and/or ineligible for deactivation.

Click .

To search for a Claim,
enter search criteria into
the search fields in this
section

Claim Search – Search Results Screen

The search results list is numbered and can be sorted by clicking on the column headings. If your search is based on the Claim number, the search displays all the Claims that begin with that particular Claim number. A search based on criteria other than a specific Claim number may return multiple results.

Sort results in ascending or descending order by clicking the column header

DEACTIVATE Move Claims: Select a New Branch/Claim Group MOVE

Sorting the Search Results

When working with a large number of search results, you can sort the results using different criteria. The default search order is alphanumeric, ascending by Claim number. The items can be sorted in ascending or descending order based on field type by clicking on the highlighted header of the column on which you wish to sort.

Several Pages of Results

If your search results comprise several pages, you can use the numbered links located on the right above the column headers to navigate the entire set of results.

To return to the Claim Search Screen

To return to the Claim search screen, click the <Refine Search> hyperlink above the search results list.

Adding a New Claim

Only users with the Claim/Claimant Administrator role can add new Claims in HCAI. Claims can be created manually in the Claims tab.

Click the **Add Claim** button to add a new Claim.

The screenshot shows the HCAI interface with the 'CLAIMS' tab selected. The 'Add a New Claim' section is highlighted with a green arrow. It contains a button labeled 'ADD CLAIM' and a search bar for claims.

1. Click the **ADD CLAIM** button located in the "Add a New Claim" section of the Claims, *Claim Search* screen; the *Claim Details* screen appears

The screenshot shows the 'Claim Details' screen. It contains a form with the following fields: Insurer (Nova Home & Auto), Branch/Claim Group (Markham Branch), Claim #, Policy #, Policy Holder Last Name, Policy Holder First Name, and Date of Accident. The 'Date of Accident' field has a calendar icon. The 'SAVE' and 'BACK' buttons are at the bottom.

2. Select an Insurer from the "Insurer" drop-down list. The set of Insurers available for selection is determined by your domain
3. Select the desired Branch/Claim Group from the drop down list
4. Specify the Claim number, policy number, and policy holder's first and last name in the respective fields
5. Enter the date of accident in YYYY/MM/DD format, or click on the  icon to engage the calendar feature

6. Click **SAVE**. If any information is missing or invalid, an error message appears at the top referring you to the field in error. Successfully saving the information brings forward the three sections described below:
 - **State.** This section shows the status of the Claim and its latest version. When you create a new Claim, the status is "Active" and the latest version is "1."
 - **Activity Log.** This section contains a list of activities associated with the current Claim. It shows: "Date & Time" (when the activity occurred), "Description" (the type of activity), "Version," "In Dispute" and "Actor" (the author of the activity)
 - **Associated Claimants.** This section shows a list of Claimants associated with your Claim.
 - When you create a new Claim, there will be no records of associated Claimants.

Updating Claim Details

This section describes how to update and view Claim details that have been manually entered or Claim data that was provided through an Insurer data feed.

To update and view Claim details:

- Go to the Claims tab and Claims subtab
- Enter criteria to search for your claim
- In the Claim Search Results, locate the Claim and click on the Claim # to open the claim.
- The *Claim Details* screen opens—the fields in this section are populated with the Claim information. You may modify the Branch/Claim Group, File Owner, Claim #, Policy #, Policy Holder Last or First Name, or Date of Accident fields. Some fields are not editable for integrated insurers.
- Click **SAVE** to save the changes you have made.
- In the confirmation dialog that appears, click <Yes> or <OK>.

OR

- Click **CANCEL** to cancel the changes you have made.
- In the confirmation dialog that appears, click <Yes> or <OK>; The screen is reloaded to display the original Claim information.

The Activity Log displays a list of previous updates to the Claim. To view any of the previous updates, click on the link of the desired version in the Version column. A pop-up window appears, containing the selected version of the Claim details.

Associated Claimants List

The *Associated Claimants* section on the *Claim Details* screen contains a list of Claimants associated with your Claim. The items in this list can be sorted in ascending or descending sort order, based on field type by clicking on the highlighted header of the column you wish to sort.

Note: If you are not assigned to the associated Claimants listed in this section, Claimants' names and dates of birth will be masked for privacy and the hyperlink to open these Claimant records will not be present.

Transferring Claims Between Branches/Claim Groups

Transferring a claim will move the claim, all claimants and all associated documents to the new branch/claim group. Only users who have access to the branch/claim group will be able to view the claim, claimants and associated documents.

Transferring a claim to a new branch/claim group can be done individually or in bulk. Claims can be transferred via the HCAI web interface or via integration.

- Claims can only be moved into claim groups that have the setting "Allow claim-claimants to be set up in this branch/claim group?" set to Yes. To learn how to change this setting, visit the Branch/Claim Group Management page.
- Claims can only be transferred via the web by non-integrating insurers or by integrating insurers who request the web functionality be enabled. Integrating insurers who wish to move their claims via the web need to coordinate this change with their HCAI integration team to prevent any disruption to their Claim-Claimant Feed. They can then use the HCAI Integration Settings Update Form to request the web functionality be enabled.

When a claim is moved to a new branch/claim group, the claimant file owner remains the same. If the claimant file owner does not have access to the new branch/claim group, they will not be able to see these claimant's documents. Review the user's account to ensure they have access to the branch/claim group, or reassign the claimant to a file owner with correct access.

Transferring a Claim Individually

To transfer claims via the web, you must have the **Form Manager** or **Claim/Claimant Administrator** role in HCAI.

1. Go to the Claims tab and Claims sub-tab.
2. Enter search criteria to search for the claim(s) you would like to move.
3. Click the "Search" button.
4. On the Search Results screen, click the Claim # to open the claim.
5. On the Claim Details screen, locate the Branch/Claim Group drop down. Select the new claim group.
6. Click the "Save" button.
7. If all of the claimants associated to the claim are assigned to the same claimant file owner, the claim will be transferred to the new claim group.
8. If the claimants associated to the claim are unassigned or are assigned to multiple different file owners, a pop-up will appear allowing you to reassign the file owner associated to each claimant. You can also leave the fields unchanged if you do not want to reassign the claimant file owners. Click "Save".
9. A confirmation message will display indicating the claim has been successfully updated.

Transferring Claims in Bulk

It is also possible to transfer several claims to a new branch/claim group at once, in bulk. To move claims via the web, you must have the **Form Manager** or **Claim/Claimant Administrator** role in HCAI.

1. Go to the Claims tab and Claims sub-tab.
2. Enter search criteria to search for the claim(s) you would like to move. Note: If you choose to select from the "insurer" drop-down list, select only one company or the "move claims" functionality will be disabled. Claims can only be transferred to branches/claim groups within the same insurance company.
3. Click the "Search" button.
4. On the Claims Search Results screen, you will see all claims that meet your search criteria. Use the checkbox to select the claim(s) you would like to move. You can move up to 50 at once.
5. At the bottom of the search results, you will see a drop-down list labeled "Move Claims". Select the claim group to which you would like to move the claims.
6. Click the "Move" button.
7. A pop-up will ask "You are about to move all of the selected claim files to the selected claim group. Do you want to proceed?" Click OK.
8. You will see a confirmation message stating the number of claims that were successfully moved.

Deactivating Claims in Bulk

HCAI makes it easy to search for claims that are eligible for deactivation and to deactivate multiple claims at once.

Claims are eligible for deactivation if they have no associated claimants or if all of the associated claimants are deactivated.

To deactivate claims, you must have the Form Manager, Claim/Claimant Administrator or Claim/Claimant Editor role.

1. Click on the Claims tab; the Claim Search screen will appear.
2. Enter search criteria for the claims you wish to deactivate. To search for all claims that are eligible for deactivation, locate "Eligible for Deactivation?" and check off "Yes – All associated claimants deactivated" and/or "Yes – No Associated claimants".
3. Click the 'Search' button.
4. The Search Results screen will display the claims that match your search criteria.
5. Use the checkboxes to select the claims you wish to deactivate.
6. Click the 'Deactivate' button to deactivate the selected claims.
7. A pop-up will appear to confirm you wish to deactivate the selected claims. Click 'Ok' to proceed or 'Cancel' to cancel.
8. When 'Ok' is clicked, a message will appear confirming the number of claims successfully deactivated.

Integrating insurers should coordinate with their integration teams before deactivating claims and claimants via the web.

On the Search Results screen, check off the claims you would like to deactivate and click the **Deactivate** button

DEACTIVATE Move Claims: Select a New Branch/Claim Group **MOVE**

Disabling a Claim

For users that match documents or manage claim/claimant records, having duplicate or incorrect claim/claimant records can be a pain. This is because these records can be automatically or manually matched to incoming forms.

The 'Disable' button allows you to permanently disable claims that are created in error.

Once a claim has been disabled, it can no longer be matched to incoming forms and it won't appear in search results, so the 'Disable' button should be reserved for instances when the claim is a duplicate or true error. To guide you, the Disable button will only appear if there are no documents associated with the claim.

To disable a claim/claimant record, you must have either a Claim/Claimant Administrator or Form Manager role.

To disable a claim:

1. Click on the Claims tab; the claims search screen will appear.
2. Search for the claim you wish to disable; the search results screen will appear.
3. Click on the claim you wish to disable from the search results screen; the Claim Details screen will open.
4. Click the **DISABLE** button.
5. Press 'OK' to proceed.
6. The screen will automatically refresh and a message will confirm that the claim with all its claimants has been successfully disabled.

The **Disable** button appears in the 'Claim Details' screen if there are no documents associated with the claim

The screenshot shows the 'MCG Insurance' HCAI interface. The top navigation bar includes tabs for PLANS, INVOICES, CLAIMS, SEARCH, and MANAGE. The 'CLAIMS' tab is selected. Below the navigation bar, there is a search bar with the text 'Search for Claim Number' and a dropdown menu set to 'All Forms'. A 'GO' button and an 'Advanced' link are also present. A 'LOGOUT' button is in the top right corner. The main content area shows the 'Claim Details' for claim #020-AA-223232. The form includes fields for Insurer (MCG Insurance), Branch (Ottawa), Claim # (020-AA-223232), Policy # (7888A), Policy Holder Last Name (Brown), Policy Holder First Name (Tim), and Date of Accident (2017/01/07). At the bottom of the form, there are three buttons: 'SAVE', 'CANCEL', and 'DISABLE'. A green arrow points to the 'DISABLE' button. Below the form, there is a 'State' section showing 'Status: Active' and 'Latest Version: 1'.

Claimant Management

The Claimant management functionality is accessed from the Claimants subtab, which is accessible if you have the Claim/Claimant Administrator, Form Manager, Form Adjuster or Claim/Claimant Editor role. From the Claimants sub-tab, users can search, update, add, and deactivate/reactivate Claimants.

The ability of Users to perform these tasks depends on the roles they have been assigned in HCAI. For more information on task authority and User roles, see [Chapter 10: Insurer User Management](#).

When you successfully add a new Claimant, HCAI performs a check against all unmatched documents and attempts to match them with the new Claimant. Documents are matched based on the following five criteria: Policy number or Claim number, Date of Accident, Gender and Date of Birth. Matched documents will display in the *Associated Documents* section at the bottom of the *Claimant Details* screen.

Click on the Claimant in the Claimant Name column of the Claimant search results list to proceed to the *Claimant Details* screen.

Click on the **Claimant Name** to proceed to the *Claimant Details* screen

The screenshot displays the Atria Insurance HCAI system interface. The top navigation bar includes tabs for DASHBOARD, DOCUMENTS, CLAIMS, SEARCH, MANAGE, and HCAIinfo. The CLAIMS tab is active, and the CLAIMANTS subtab is selected. A search bar for Claim Number is visible, along with filters for All Forms, Exact Match, and a GO button. The page shows search results for Claimant Status: Active, with 1 of 4 results displayed. The table lists claimants with columns for Claimant Name, Claim #, Date of Accident, Date of Birth, Branch/Claim Group, File Owner, Status, Document Count, Days Inactive, and Financial Summary. A green arrow points to the 'Claimant Name' column header. Below the table, there is a 'Reassign to File Owner' section with a dropdown menu and a REASSIGN button. The footer includes links for 'Set as home page', 'HCAI System Status', and copyright information for 2021 Health Claims for Auto Insurance Processing.

Searching for a Claimant

To search for a Claimant, specify any of the following criteria in the *Claimant Search* screen:

- **Claim Number:** Enter the claim number which has been assigned to the claim.
- **Policy Number:** Enter the policy number which the claim is associated to.
- **Claimant Status:** Select either active or deactivated, based on the status of the claimant.
- **Date of Accident:** Enter the date of the accident in YYYY/MM/DD format, or use the icon to use the calendar feature. Select either exact match or select range.
- **Last Name and First Name:** The "Last Name" field must contain at least two characters; the "First Name" field cannot be used to search unless you also use the "Last Name" field
- **Postal Code:** Enter at least the first three characters of the postal code
- **Phone Number:** Enter at least the area code and the prefix (i.e., the first three digits) of the number
- **Date of Birth:** Enter the date or use the calendar icon to select a date.
- **Insurer:** Select the Insurer(s) from the drop-down list;
- **Branch/Claim Group:** Select the desired Branch/Claim Group(s) from the drop-down list
- **Team:** This allows you to search for all Claimants assigned to members of the selected team(s).
- **File Owner:** This allows you to search for all Claimants assigned to the selected Claimant File Owner(s).
- **Document Count:** Select the number of non-archived documents which are associated to the claimant.
- **Period of Inactivity:** Select the period for which there has been no activity associated to the claimant.

- **Eligible for Deactivation?:** Check off one or more selection to search for claimants that are eligible for deactivation and/or ineligible for deactivation.

General Notification

The following items need your attention. Any claimant with date of accident in the last 90 days has been categorized as 'recent'.
Assign file owners for the unassigned claimants. If the user account for the current file owner is deactivated or has insufficient privileges, reassign the claimant to a different file owner.

Recent, active claimants that are unassigned:	0
Older, active claimants that are unassigned:	0
Active claimants that need to be reassigned:	1 View Claimants

- Click on the claimant name to view or edit claimant information.
- Click on the View Report hyperlink in the Financial Summary column to view the Claimant Financial Summary.
- To return to the Claimant search form, click on the 'Refine Search' button above the search results list.
- To download the search results as a .CSV file, click the 'Download Report' button above the search results list.

Claimant Financial Summary

The Claimant Financial Summary, found on the Claimants Search Results page, provides a summary of the amounts proposed and approved for a particular claimant.

- Open the report by clicking the 'View Report' hyperlink in the Claimants Search Results.
- To download the Claimant Financial Summary as a .CSV file, click the 'Download Report' button at the top right of the window. This will allow you to edit and save the information as required.

The Claimant Financial Summary is broken down into separate sections for each OCF type. A maximum of ten documents per section is displayed at a time. If you have more than ten documents in a section, you can press the 'Next' button to see more documents.

The **Claimant Financial Summary** is broken down into sections, by OCF type

Non-archived Sub-total:			\$3,339.70	\$3,039.70	
Archived Sub-total:					
Total (including taxes):			\$3,339.70	\$3,039.70	
Tax Amount:			\$349.70	\$349.70	

Each OCF section will display the following columns:

- **Document number:** Click on the Document number to open that document in a new window.
- **Plan #:** Visible in invoice sections only, the Plan # column displays the associated plan number. If the invoice is not associated with a plan, the column will state 'Exempt'. If the link between the invoice and plan has been broken, a dash will appear. This can occur if the plan and invoice are matched to different claimants.
- **Facility:** Click on the Facility name to open a new window that displays the signing provider's details, including name, professional details, billing address and service address.
- **Status** of the document
- **Proposed Amount**
- **Approved Amount:** This column will appear in all OCF sections except the OCF-23
- **Pre-Approved Amount:** In the OCF-23 section, you will see the Pre-Approved Amount column, which is sub-divided into two columns: Declined and Responded.

OCF-23					
Showing all associated OCF-23s that are not archived.					
▼ Document #	► Facility	► Status	Proposed Amount (\$)	Pre-approved Amount(\$)	
				Declined	Responded
18082800006	Orchard Rehabilitation	Responded	\$2,200.00		\$2,200.00
18082800005	Orchard Rehabilitation	Declined	\$2,200.00	\$2,200.00	
18082800001	Orchard Rehabilitation	Responded	\$2,200.00		\$2,200.00
Non-archived Sub-total:			\$6,600.00	\$2,200.00	\$4,400.00
Archived Sub-total:					
Total:			\$6,600.00	\$2,200.00	\$4,400.00

At the bottom of each OCF-type section, you will see the following total amounts:

- **Non-archived Sub-total:** The sub-total of proposed and approved amounts of all non-archived documents
- **Archived sub-total:** The sub-total of proposed and approved amounts on archived documents. Archived documents will not display in the lists, but the total is included for your reference. If none of the claimant's documents have been archived, the archived amount will be blank.
- **Total (including taxes):** The total proposed and approved amounts, including archived documents and taxes.
- **Tax Amount:** Here, taxes are displayed separately. This line will only display on the OCF-18, OCF-21B, and OCF-21C sections.

Adding a new Claimant

Only users who have the Claim/Claimant Administrator and/or Form Manager roles can add Claimants.

To add a Claimant manually, you must access the *Claimant Details* screen.

To open the *Claimant Details* screen:

1. Select the Claims tab; this defaults into the *Claim Search* screen
2. Search for the desired Claim and click on the claim number link in the Claim # column of the search results table. This takes you to the *Claim Details* screen
3. Click **ADD CLAIMANT** in the bottom of the *Claim Details* screen; the *Add Claimant* screen appears

To add a new Claimant, enter Claimant information into the Claimant Details screen— fields marked with an asterisk are mandatory

CLAIMS **CLAIMANTS**

Welcome, Natalie, to HCAI. 2021/05/27

Claims > Claimant Search > Add Claimant > (Claim # 122)

Claimant Details

Fill in the fields to add/edit a claimant for Claim # 122.

The File Owner field is used to identify the HCAI user that is primarily responsible for adjudicating the documents for this claimant. See www.hcaiinfo.ca for information on HCAI file owners and permissions.

All fields with an asterisk (*) are required.

* Claimant ID: * Date of Birth:

* Last Name: * Gender: ☐ Male ☐ Female

* First Name: Phone Number:

Middle Name: File Owner:

* Address:

* City:

* Province/State:

* Postal/ZIP Code:

SAVE **BACK**

☐ Set as home page | [HCAI System Status](#) © 2021 Health Claims for Auto Insurance Processing | [Privacy](#) | [Change Password](#)

To add a new Claimant:

1. Enter the Claimant ID; this identifier is provided by the Insurer and is unique within the Claim
2. Enter the Claimant's last, first and middle name in the respective fields
3. Specify the Claimant's address and city of residence in the respective fields
4. Select the province of residence from the respective drop-down list; this list defaults to "Ontario"

5. Specify the Claimant's postal code
6. Enter the Claimant's date of birth in YYYY/MM/DD format, or use the calendar function
7. Select the gender of the Claimant
8. Enter the Claimant's phone number
9. Select a File Owner to whom this claimant will be assigned. This user will see the claimant's submitted documents in their My Inbox worklist filter.
10. Click **SAVE** to save the new Claimant details; if any information is missing or invalid, you are returned to the *Add Claimant* screen and an error message appears in the error list at the top of the screen with reference to the field(s) in error
11. Click **CANCEL** to clear the Claimant details you have entered; in the confirmation dialog box, click <Yes> or <OK>

 **Note: All field(s) marked with an asterisk are required.**

When you successfully add a new Claimant, HCAI performs a check against all unmatched documents and attempts to match them with the new Claimant. The matching criteria used are the policy number or claim number, date of accident, gender, and the date of birth. If any OCF are found that match, they display in the Associated Claimants section at the bottom of the *Claimant Details* screen.

Updating Claimant Details

This section describes the process of updating and viewing Claimant details that have been provided either through an Insurer's data feed or created manually. You can update a Claimant associated with a specific Claim in the *Claimant Details* screen.

To update Claimant details, either go directly to the Claims tab and Claimants sub-tab and search for a claimant you wish to edit. Or, you can go to the claimant record through the OCF following these steps:

1. Open the OCF that belongs to the Claimant whose information you wish to update
2. Navigate to Part 1 of Tab 1 in the selected OCF and click on the **UPDATE CLAIMANT DETAILS** button

To update Claimant details, click the **Update Claimant Details** button in the Form associated with the Claimant

The screenshot displays the 'Review OCF21B' interface. At the top, there are tabs for 'SUMMARY', '1', '2', '3', and '4', with '1' being the active tab. A green arrow points from the text on the left to the 'UPDATE CLAIMANT DETAILS' button located in the 'Part 1: Applicant Information' section. The 'Claimant Details' section on the left contains fields for 'Date of Birth', 'Gender', 'Last Name', 'First Name', 'Middle Name', 'Address 1', 'Address 2', 'City', 'Province/State', 'Postal/ZIP Code', and 'Phone'. The 'Insurer Claimant Information' section on the right contains similar fields. A yellow banner at the top of the main content area reads 'Please review the matching of claim/claimant and un-match if incorrect.' Below this, the 'Part 1: Applicant Information' section includes a note 'Note: This Document is tagged by' and the 'UPDATE CLAIMANT DETAILS' button. A blue button labeled 'UNLINK CLAIMANT DATA' is also visible between the two main sections.

3. HCAI will bring you to the *Claimant Details* screen. Edit the content as required in any of the available fields

Edit any applicable fields in the *Claimant Details* screen

CLAIMS > Claimant Search > Claimant Details for Carter, Elliot > (Claim # NOVA10)

Claimant Details

Fill in the fields to add/edit a claimant for Claim # NOVA10. You may deactivate the claimant if no further documents are expected to arrive for this claimant.

The File Owner field is used to identify the HCAI user that is primarily responsible for adjudicating the documents for this claimant. See www.hcaiinfo.ca for information on HCAI file owners and permissions.

All fields with an asterisk (*) are required.

* Claimant ID: 12

* Last Name: Carter

* First Name: Elliot

Middle Name:

* Address: 34 Waters Dr

* City: Barrie

* Province/State: ON - Ontario

* Postal/ZIP Code: L8P 9U8

* Date of Birth: 1979/01/19

* Gender: ☒ Male ☐ Female

Phone Number:

File Owner: Pierre Jean (JeanJean)

SAVE **BACK**

- Click **SAVE** to save the changes you have made; if you are not satisfied with your changes, click **CANCEL** — the screen refreshes to display the original Claimant information

Note: The Claimant ID must be unique for each Claimant

Batch Transfer of Claimants to a Different File Owner

Individuals with either the Form Manager and/or Claim/Claimant Administrator role have the ability to reassign multiple claimants to a new file owner in bulk

To transfer multiple Claimants from the Claimants > *Claimant Search Results* screen:

- Navigate to the Claims > Claimants sub-tab
- Enter search values for "Insurer" and "Branch/Claim Group". Enter any other search criteria as needed.
- Press 'Search'. The Search Results will appear.
- Check the box next to each Claimant that needs to be reassigned
- At the bottom of the Search Results list, you will see the "Reassign to File Owner" drop-down list. Select the File Owner to whom the Claimants should be reassigned.
- Click **REASSIGN**

Select the checkbox next to the Claimant(s) that you wish to transfer to the new File Owner

The screenshot shows the 'CLAIMANTS' section of a web application. At the top, there's a navigation bar with 'CLAIMS' and 'CLAIMANTS' tabs. Below it, a breadcrumb trail reads 'Claims > Claimant Search > Search Results'. The main heading is 'Claimants - Claimants Search' with a sub-heading 'Search Results (1 of 4)'. Below this, it says 'Claimant Results for "Claimant Status: Active"'. There are buttons for 'DOWNLOAD REPORT' and 'REFINE SEARCH'. A 'View: 3 items' dropdown and pagination links '1 2 3 4 Next >' are also present. A table lists claimants with columns: Claimant Name, Claim #, Date of Accident, Date of Birth, Branch/Claim Group, File Owner, Status, Document Count, Days Inactive, and Financial Summary. Three claimants are listed: Carter, Elliot; Chris, Chris; and Fox, Emma. Each row has a checkbox in the first column, which is checked for all three. Below the table, there's a 'Reassign to File Owner:' section with a dropdown menu showing 'Select a New File Owner' and a 'REASSIGN' button. A green arrow points from the text 'Select the new File Owner from the drop-down list and click the Reassign button' to the 'REASSIGN' button. Another green arrow points from the text 'Select the checkbox next to the Claimant(s) that you wish to transfer to the new File Owner' to the checkboxes in the table.

☒	Claimant Name	Claim #	Date of Accident	Date of Birth	Branch/Claim Group	File Owner	Status	Document Count	Days Inactive	Financial Summary
☒	Carter, Elliot	NOVA10	2019/03/04	1979/01/19	Markham Branch	Dallaire, Natalie	Active	4	0	View Report
☒	Chris, Chris	555555	2018/09/01	1998/09/03	Oshawa	Dallaire, Natalie	Active	32	0	View Report
☒	Fox, Emma	555555	2018/09/01	1998/09/03	Oshawa	Dallaire, Natalie	Active	14	70	View Report

Select the new File Owner from the drop-down list and click the **Reassign** button

Transferring Documents to another Claimant Record

A document can still be transferred to a different claimant record if it's already been adjudicated. The 'Change Claimant' button appears on the first tab of adjudicated OCFs. Pressing it allows you to transfer the form from one claimant record to another in your organization without withdrawing the decision.

This functionality is particularly useful if a claim/claimant was accidentally duplicated and the associated OCFs need to be moved before the claim is permanently disabled.

Note that if a document has been archived, you cannot update the claimant associated with the form.

To transfer a document to a different claimant record, you must have the Form Manager role.

1. Go to the 'Search' tab and search for the adjudicated document you wish to update
2. Click on the document you wish to update in the search results screen
3. Go to Tab 1.
4. Press the **CHANGE CLAIMANT** button.
5. Search for the claimant record you wish to transfer the document to.
6. Press the **MATCH** button next to the claimant you would like to transfer the document to.
7. The screen will automatically refresh; the document has now been transferred to the selected claimant record.

The **Change Claimant** button appears on adjudicated OCFs; press it to update the claimant record associated with a document

Deactivating Claimants in Bulk

HCAI makes it easy to search for claimants that are eligible for deactivation and to deactivate multiple claimants at once.

Claimants are eligible for deactivation if they have no associated documents, or if all of the associated documents have been adjudicated.

To deactivate claimants, you must have the Form Manager, Claim/Claimant Administrator or Claim/Claimant Editor role.

1. Click on the Claims tab and then click on the Claimants sub-tab.
2. Enter search criteria for the claimants you wish to deactivate. To search for all claimants that are eligible for deactivation, locate "Eligible for Deactivation?" and check off "Yes – No documents" and/or "Yes – All documents adjudicated".
3. Click the 'Search' button.
4. The Search Results screen will display the claimants that match your search criteria.

5. Use the checkboxes to select the claimants you wish to deactivate.
6. Click the 'Deactivate' button to deactivate the selected claimants.
7. A pop-up will appear to confirm you wish to deactivate the selected claimants. Click 'Ok' to proceed or 'Cancel' to cancel.
8. When 'Ok' is clicked, a message will appear confirming the number of claimants successfully deactivated.

On the Search Results screen, check off the claimants you would like to deactivate and click the **Deactivate** button

The screenshot shows the 'CLAIMANTS' section of the system. It displays search results for claimants. A table lists three claimants: Staunton, Steve; McNally, June; and Joe, Neil. Each row has a checkbox in the first column, which is checked for all three. At the bottom left of the table, there is a blue button labeled 'DEACTIVATE'. A green arrow points to this button. To the right of the 'DEACTIVATE' button is a 'Reassign to File Owner' dropdown menu and a 'REASSIGN' button. The top of the screen shows navigation tabs: DASHBOARD, DOCUMENTS, CLAIMS, SEARCH, and MANAGE. The 'CLAIMS' tab is selected. The search bar at the top has 'Search for Claim Number' and 'Exact Match' checked. The date '2021/10/25' is displayed in the top right corner.

☒	Claimant Name	Claim #	Date of Accident	Date of Birth	Branch/Claim Group	File Owner	Status	Document Count	Days Inactive	Financial Summary
☒	Staunton, Steve	5656	2019/01/31	1998/09/03	Oshawa	Dallaire, Natalie	Active	0	998	View Report
☒	McNally, June	2344	2021/04/29	1998/09/03	Peterborough	Dallaire, Natalie	Active	0	179	View Report
☒	Joe, Neil	122 - M	2018/10/02	1998/09/03	Markham Branch	Dallaire, Natalie	Active	0	1119	View Report

Disabling a Claimant

If you don't wish to disable an entire claim, you can disable an individual claimant. This will prevent it from being automatically or manually matched to incoming forms. Disabling is more permanent than deactivating a claimant. Once a claimant has been disabled, it will no longer appear in search options, so the 'Disable' button should be reserved for instances when the claimant is a duplicate or true error. To guide you, the Disable button will only appear if there are no documents associated to the claimant.

To disable an individual claimant:

1. Click on the Claims > Claimants tab; the claimant search screen will appear.
2. Search for the claimant you wish to disable; the search results screen will appear.
3. Click on the claimant you wish to disable from the search results screen; the Claimant Details screen will open.
4. Click the **DISABLE** button.
5. Press 'OK' to proceed.
6. The screen will automatically refresh and a message will confirm that the claimant has been successfully disabled.

CLAIMS
CLAIMANTS
Welcome, Natalie, to HCAI.

Claims > Claimant Search > Claimant Details for Fox, Steve > (Claim # 5555)

Claimant Details

Fill in the fields to add/edit a claimant for Claim # 5555. You may deactivate the claimant if no further documents are expected to arrive for this claimant. You may permanently disable the claimant if it has been created in error or is a duplicate.

The File Owner field is used to identify the HCAI user that is primarily responsible for adjudicating the documents for this claimant. See www.hcaiinfo.ca for information on HCAI file owners and permissions.

All fields with an asterisk (*) are required.

* Claimant ID: 4543325
* Last Name: Fox
* First Name: Steve
Middle Name:
* Address: 123 Street st.
City: Toronto
* Province/State: ON - Ontario
* Postal/ZIP Code: M1B9G5

* Date of Birth: 1998/09/03
* Gender: ☒ Male ☐ Female

Matching Claimant Details — Linking Claimants with Documents

If there is a perfect match between the applicant details specified by the Facility and the Claim and Claimant details recorded in HCAI by the Insurer, HCAI links the information and documents automatically so there is no need for Users to match documents to Claimants. A perfect match occurs when the following data elements match between the information provided by the Facility and the information provided by the Insurer:

- Either the policy number or the Claim number matches (Facility leaves the other one blank);
- Date of Loss/Accident;
- Date of Birth;
- Gender

However, if the Facility does not leave the other one blank (either the policy or Claim number) and enters some information that is not matched, HCAI will cross-match the Claim and policy number. The cross-match allows for the following additional matches:

- If either the Policy number or Claim number match, the other one need not be matched and need not be blank;
- Policy number that is set up by the Insurer matches the Claim number that is set up by the Facility
- Claim number that is set-up by the Insurer matches the policy number that is set up by the Facility

When the cross-match rules are initiated and a match is made for a submission that is not exact, the following warning message is provided to the user reviewing the OCF:

"Please review the matching of Claim/Claimant and un-match if incorrect."

This warning will display until the form changes from a "Submitted" state to a "Review Required" state.

Organizations containing more than one insurance company as part of their structure, or more than one branch, may have OCFs that are misdirected by the Facility to a Branch/Claim Group or Insurer in error. If an OCF is a match with one of the group of companies or another Branch/Claim Group of the company, HCAI will search the organization structure for a match and, upon discovery, match the OCF to a Claim-Claimant profile. If the OCF has incorrect information and is "Unmatched", it will stay in the unmatched bucket of the Branch/Claim Group to which it was submitted until a match can occur.

Claimant matching functionality can be accessed only if you have been assigned the role of Form Manager.

To match a Claimant with a form:

- Open a Plan or Invoice with "Unmatched" status from the Work in Progress work list on the Insurer home page using the "Review Form" () button

If the Plan or Invoice has not been automatically matched by HCAI, you are taken directly to the *Match Claimant* screen.

If a form is not automatically matched, HCAI will take you to the *Match Claimant* screen

If you are satisfied with one of the possible matches presented by HCAI, click the **Match** button next to the respective item

HCAI automatically highlights information on the form that does not match the information in the claimant record—in this case, the date of birth does not match the claim-claimant record

CANCEL

If you are satisfied with one of the possible matches presented by HCAI, click the  button next to the respective item. This takes you back to the OCF from which you accessed the *Match Claimant* screen, and the OCF is now linked to the Claimant.

When the Possible Matches section does not contain the Claimant you are looking for, you must decide whether to search for the Claimant, or to create a new Claim and Claimant to which the document can be linked.

Should you want to search for the Claimant, click the **SEARCH FOR CLAIMANT** button. This takes you to the *Claimant Search* screen where you can specify your search criteria.

When the Claimant search produces a possible match that you want to link to the Claim, click on the **MATCH** button to complete the link and return to the original OCF.

If, based on the search criteria entered, no potential Claimant matches are found, you are then returned to the *Claimant Search* screen where you can try another Claimant search, cancel the matching attempt, or create a new Claim and Claimant in HCAI to link with the document.

If HCAI cannot find a possible match, it will display this message

If no match is automatically found, you can manually search for one

You can also create a new Claim and Claimant in HCAI to link with the document by clicking the **Create Claim** button

© 2016 Health Claims for Auto Insurance Processing | [Privacy](#)

If you want to create a new Claim to match to the document, click the **CREATE CLAIM** button and proceed to add a new Claim from the *Claim Details* screen. If HCAI has made an automatic match that you want to change, you can unlink the document from the Claimant and make a manual match.

Unlink Claimant data and look for another match

To unlink Claimant data and look for another match:

- Click the **UNLINK CLAIMANT DATA** button on Tab 1 of the OCF

- The Insurer Claimant information disappears, and the **LINK CLAIMANT DATA** button appears at the top of the Applicant Information section
- Click the **LINK CLAIMANT DATA** button near the top of Part 1. This takes you to the *Claimant Match* screen where you can search for a proper match

Update Claimant Information

To update Claimant Information:

- Click the **UPDATE CLAIMANT DETAILS** button that appears at the top of the Applicant Information section in Tab 1; the *Claimant Details* screen opens

Claimant information can be updated in Tab 1, Part 1: *Applicant Information*

Press the **Update Claimant Details** button—the *Claimant Details* screen will appear

- Update the Claimant information in HCAI and click **SAVE** to accept your changes

Handling OCFs Sent to Wrong Insurer

Occasionally, OCFs are sent to the wrong Insurer by a Health Care Facility. When this happens, the Insurer can mark the Form as 'Sent to Wrong Insurer' and adjudicate the OCF without viewing the Personal Health Information (PHI) of a patient on the web interface.

When the OCF is sent to the Insurer, it will be in the status of 'unmatched'. To mark the document 'sent to wrong insurer' and decline the OCF:

1. Click on the magnifying glass next to the OCF
2. Click the **SENT TO WRONG INSURER** button. If the form is an OCF-23, skip to step 6.
3. Enter a reason code for declining the OCF—HCAI will automatically populate the Series (Unable to authorize—Administrative) and Category (Document, policy, Claim or Claimant information).
4. Click **SEARCH**
5. Locate the applicable Reason Code and click **ADD**
6. You will be returned to the form—the Personal Health Information on the form will be hidden from the web interface

When the document is marked "Sent to Wrong Insurer", personal health information on them is hidden from view

The screenshot displays the 'Review OCF21B' web interface. At the top, there's a blue header with the title 'Review OCF21B' and the HCAI logo. Below the header is a navigation bar with tabs labeled 'SUMMARY', '1', '2', '3', and '4'. The '2' tab is currently selected. A green arrow points from the text on the left to the '2' tab. The main content area is divided into several sections: 'Claim Identifier' (Applicant Name: Carson, Michael; Claim Number: 0203; Policy Number: ; Date of Accident: 2016/04/01), 'Return this form to:' (EM Insurance Inc; 15 Parliament Hill; Kanata, Ontario; K1L 0P3), and 'Invoice Identifier' (Document Number: 1604010003; Invoice Number: 2632; OCF Type: 21B; Date Submitted: 2016/04/01; Source: Web; OCF Effective Date: 2016/01/11; Archival Status: Not Archived). Below these are sections for 'Injury and Sequelae Codes' and 'Reimbursable Goods and Services', both containing a message: 'An insurer user has determined that this document was sent to the wrong insurer, so the personal health information in this section has been hidden.' The 'Associated Documents Results' section shows 'No documents were found.' and a 'SHOW ARCHIVED DOCUMENTS' button. At the bottom, there are 'CANCEL', 'PRINT', and 'SAVE' buttons, and a footer with '© 2016 Health Claims for Auto Insurance Processing | Privacy'.

7. To finish adjudicating the document, scroll to the section where the adjudication functionality is located and click **DO NOT APPROVE**
