Using Decision Support - Plans

The HCAI Plan Review is designed to assist in the process of reviewing and applying approval decisions to the OCF-18, the OCF-23 and the Form 1 (Assessment of Attendant Care Needs). Regardless of which plan you are reviewing, the HCAI Plan Review includes the Summary tab—a quick overview of the plan and associated documents—and the Plan itself.

Depending on the roles you have been assigned in the system, you can link and unlink Claimants, reassign File Owners, search for and apply reason codes, exchange messages with a Facility, make approval decisions on plans, and view the Explanation of Benefits (EOB).

This section describes how to work with plans (OCF-18, OCF-23, and Form 1) in HCAI. Some HCAI functions used in decision support are explained more fully in Chapter 5: Common Functionality.

Specifying Reason Codes

Reason codes are specified in the final step of every OCF Plan Review in HCAI. To select a reason code, use the ellipsis buttons () located in the Adjuster Response column of the tables, as well as by clicking the Apply Multiple Reason Codes button below these tables. For instructions on how to select a reason code, see [Chapter 5: Common Functionality](#).

Notifications and Error Messages

If any error is detected when you are validating a completed step, a notification appears at the top of the screen in red font with a yellow background. A more detailed error description is provided in the header of the section where the error

occurs, and a red exclamation mark () appears next to the field/row that contains the error.

Printing a Document

You can print plans or invoices by using the  button available at the top and bottom of the screen as you navigate through the document. For instructions on how to print a plan, please review [Chapter 5: Common Functionality](#).

OCF Plan Review

There are two steps to reviewing a Plan in HCAI: (1) Reviewing the Claimant information submitted by a Health Care Facility and (2) Responding to the Health Care Facility. The first step is a read-only review of all the Plan information completed and submitted by the Health Care Facility. This section does not describe how to review the forms —its focus is to guide you through the online procedure of applying/submitting decisions and to explain how to use the HCAI functionalities.

The description of the Summary tab and Tab 1 is common for each of the Plans. The last step, where approval takes place, is described separately for each.

Note: The last page of each form has a section for additional comments from the Facility and/or associated Provider(s).

OCF-18 Review

This form consists of seven screens: the Summary page, which is generated automatically when the form is submitted and the six Tabs of the plan which have been completed by the Facility, and are presented in read-only format. Only two of the six Tabs require any action or response: Tab 1, where Claimant and File Owner information can be updated; and Tab 5, where decisions are recorded.

OCF-23 Review

This form consists of five screens: the Summary tab, which is generated automatically when the form is submitted, and the four tabs of the plan which have been completed by the Facility. Only two of the four tabs require any action or response: Tab 1, where Claimant and File Owner information can be updated; and Tab 3, where decisions are recorded. Tabs 2 and 4 are presented in read-only format.

Form 1 Review

This form consists of eight screens: the Summary tab, which is generated automatically when the form is submitted, and the seven tabs of the plan, which have been completed by the Facility. On tab 1, Claimant and File Owner information can be updated. Tab 2 contains assessor information and facility details—this information cannot be updated. Tabs 3-5 contain information about attendant care proposed by the facility. Tab 6 outlines any associated documents and the calculation of attendant care costs. Tab 6 also contains a section at the bottom where decisions are recorded. Tab 7 contains information about attachments being sent, if any.

Launching OCF Plan Review

Select the Documents tab at the top of the Insurer home page.

Click the **Documents** tab to review plans in HCAI

Click the **Review Form** button to open a plan

Document#	Claim #	Claimant	Claimant File Owner	Document Type	Status	Target Date	Date Submitted
19102100007	22	Kelly	Dixon, Natalie	OCF21B	Review Required		2019/10/21
19102100006	25	Gracie	Dixon, Natalie	OCF21C	Review Required		2019/10/21
19101800004	4567901-2	Marah	Dixon, Natalie	OCF21B	Review Required	2019/11/17	2019/10/18

Navigate to the plan you are interested in working with by locating it in the Work In Progress work list and click on the "Review Form" button  next to it.

If HCAI has automatically linked the applicant details on the plan with the Insurer's Claimant information, the OCF Plan Review opens to the Summary tab of the selected plan document by default. Otherwise, you are taken to the *Match Claimant* screen, where you can attempt to match the Claimant manually. For more information on matching Claimants to plans see [Chapter 6: Claim and Claimant Management](#).

Summary Tab

The Summary tab is generated automatically upon the submission of a plan by the Facility. It allows for a quick overview of the plan and related documents, while showing the document's transaction history and its current state.

In the upper part of the page, there are three read-only sections as specified by the Facility during the creation of the plan:

- **Claim Identifier:** This section contains Applicant Name, Claim Number, Policy Number, and Date of Accident
- **Return this form to:** This section contains information about the insurance company to which the plan has been submitted
- **Plan/Document Identifier:** This section contains the Document Number, which is generated by the system upon the submission of the plan by the Facility; OCF/Document Type; Date Submitted; Source, which indicates the method used to submit the document (i.e., PMS, Web); the OCF/Version Effective Date; and Archival Status

The *Claim Identifier* section is shown here

The *Return this form to* section is shown here

The *Plan Identifier* section is shown here

Review OCF18		
SUMMARY 1 2 3 4 5 6 NEXT		
CANCEL CREATE EOB PRINT		
Claim Identifier Applicant Name: Walton, Michael Claim Number: 6543 Policy Number: 85 Date of Accident: 2016/02/06	Return this form to: EM Insurance Inc 151 King St. E Kitchener, Ontario M5M5M5	Plan Identifier Document Number: 16042800002 OCF Type: 18 Date Submitted: 2016/04/28 Source: Web OCF Effective Date: 2016/01/11 Archival Status: Not Archived

 **Note:** The above three sections appear at the top of each Tab of the Plan.

Plan Details

The screenshot shows a 'Plan Details' form with the following fields and values:

Plan Details	
Document Number:	19102200025
Claimant File Owner:	
Document Tagged By:	Not tagged TAG DOCUMENT
Status:	Unassigned

The Plan Details section contains the following information:

- **Document Number:** This number is generated by the system upon submission of the plan
- **Claimant File Owner:** This field will populate with the Claimant File Owner name
- **Document Tagged By:** If you are reviewing a document, you can click the [TAG DOCUMENT](#) button. This inserts your name to the left of the button, and changes the button to [REMOVE TAG](#). Once a user has tagged a document, the system flags the document and other users are able to see that the document is in review.

Clicking on the [REMOVE TAG](#) button removes the tag from the plan, clears your name, and changes the button back to "Tag Document".

Status: This field shows the status of the current plan, which can be one of the following:

- **Unmatched:** when the plan has not been matched to a Claimant
- **Unassigned:** when the plan has been matched to a Claimant but File Owner is not assigned
- **Submitted:** when the plan has not been opened and has been matched to a Claimant
- **Review Required:** when you are currently working on the plan
- **In Discussion, Response Sent:** when you initiated "Need to Discuss" and opened the plan from the Submitted work list under the Plans tab of the Insurer home page
- **In Discussion, Response Received:** when if the Facility has responded to the "Need to Discuss" for the plan
- **Approved:** when you have recorded an approval decision against the plan
- **Declined:** when you have recorded a do not approve decision against the plan

- **Partially Approved:** when you have recorded a partial approval decision against the plan
- **In Review, tagged by last-name, first-name:** when the Tag Document button is clicked
- **Privacy:** This field is set by the Chief Privacy Officer (CPO) in the event that the Claimant/Applicant is disputing his/her privacy information pursuant to PIPEDA

Claimant and File Owner Details - Tab 1

In the Tab 1 screen of the OCF Plan Review, you can view the Claimant details as specified by the Facility and compare these details with the Claimant information provided by the Insurer.

If you have been granted the appropriate HCAI roles, you can also link, unlink, and update the Claimant. In addition to assigning and reassigning Adjusters, transferring the claim between branches of the Insurer can also be done from this screen.

Applicant information

The left part of this section contains the Claimant Information, as submitted by the Facility. In the right half, there is a section for the Insurer Claimant Information. This section displays the current claimant information, even on historical versions of the OCF.

HCAI links the submitted document to the Claimant automatically if there is a perfect match between the Applicant information and the Claimant information. A perfect match occurs when all of the following pieces of information are exactly the same for both the Applicant and the Claimant:

- Policy number and/or Claim number;
- Date of accident;
- Gender;
- Date of birth

REASSIGN FILE OWNER

The section on the left contains Insurer details as entered by the Facility

The section on the right contains the most current Insurer details

Click here to reassign a File Owner

To Assign or Reassign a File Owner:

Click the **REASSIGN FILE OWNER** button in the Auto Insurer Information section. A confirmation message appears. If you have saved all your work on the form, click

<OK> to proceed to the *Claimant Details* Screen where the File Owner assignment can be changed.

Click on the dropdown box titled "File Owner" and select the File Owner to whom the Claimant is to be assigned, or reassigned and press **SAVE**.

Assign or Reassign an File Owner by selecting the desired user from the drop-down list, shown here, and pressing <Save>

The screenshot shows the 'Claimant Details' form for Claim # 22. The form is titled 'Claimant Details' and includes instructions: 'Fill in the fields to add/edit a claimant for Claim # 22. You may deactivate the claimant if no further documents are expected to arrive for this claimant. The File Owner field is used to identify the HCAI user that is primarily responsible for adjudicating the documents for this claimant. See www.hcaiinfo.ca for information on HCAI file owners and permissions. All fields with an asterisk (*) are required.'

The form fields are as follows:

- * Claimant ID: 2
- * Last Name: Kelly
- * First Name: Lawrence
- Middle Name:
- * Address: 123 Street st.
- * City: Toronto
- * Province/State: ON - Ontario
- * Postal/ZIP Code: L3x 3c1
- * Date of Birth: 2000/10/03
- * Gender: ☐ Male ☒ Female
- Phone Number:
- File Owner: Dixon, Natalie (natalie100)

A dropdown menu for File Owner is open, showing a search bar and a list of users: Brown, Davis (dave100), Dixon, Natalie (natalie100), Nelson, Alicia (Aly), and Stevenson, Kim (Kim). A green arrow points from the text on the left to the File Owner dropdown menu.

Adjudicating the OCF-18 Treatment Plan Confirmation Form

In the OCF-18, the information submitted by the Facility that is displayed in Tabs 2 – 4 is read-only and can be reviewed by clicking on the respective tabs representing each screen. After reviewing the supporting information in the form, approval decisions are made in the Tab 5 screen. You may approve or decline each of the line items proposed by the Facility. If you are declining any of the line items in the plan, you must apply a reason code.

Associated Documents

To assist you in making your decision, the Associated Documents list for the Claimant displays in the upper part of the Tab 5 screen.

 VIEW ASSOCIATED DOCUMENTS

Part 12: Proposed Goods or Services Requiring Insurer Approval
 Click [here](#) for a link to access more information on goods and services under the HCAI Guideline via HCAIINFO.

- To view the Associated Documents click the 'View Associated Documents' button.
- To download the Associated Documents section as a .CSV file, click the 'Download Report' button at the top right of the section. This will allow you to save and edit the information as required.

The Associated Documents section offers two viewing options: Claimant View (default) and Plan View. Use the 'View' drop-down in the top right corner of the section to select a view.

- **Claimant View:** Displays a consolidated view of a claimant's plans and invoices in HCAI.
- **Plan View:** Displays all documents associated with the current plan that are matched to the same claimant.
 - If you are reviewing an invoice, this view will display the parent plan and all its associated invoices.
 - If you are reviewing a plan, this view will display the plan and its associated invoices. Please note: there are no invoices associated to the Form 1 in HCAI.

In both views, the Associated Documents display is broken down into separate sections for each OCF type. A maximum of ten documents per section is displayed at a time. If you have more than ten documents in a section, you can press the 'Next' button to see more documents.

Each OCF section will display the following columns:

- **Document number:** Click on the Document number to open that document in a new window.
- **Plan #:** Visible in invoice sections only, the Plan # column displays the associated plan number. If the invoice is not associated with a plan, the column will state 'Exempt'. If the link between the invoice and plan has been broken, a dash will appear. This can occur if the plan and invoice are matched to different claimants.
- **Facility:** Click on the Facility name to open a new window that displays the signing provider's details, including name, professional details, billing address and service address.
- **Status** of the document
- **Proposed Amount**

- **Approved Amount:** This column will appear in all OCF sections except the OCF-23
- **Pre-Approved Amount:** In the OCF-23 section, you will see the Pre-Approved Amount column, which is sub-divided into two columns: Declined and Responded.

OCF-23					
Showing all associated OCF-23s that are not archived.					
▼ Document #	► Facility	► Status	Proposed Amount (\$)	Pre-approved Amount(\$)	
				Declined	Responded
18082800006	Orchard Rehabilitation	Responded	\$2,200.00		\$2,200.00
18082800005	Orchard Rehabilitation	Declined	\$2,200.00	\$2,200.00	
18082800001	Orchard Rehabilitation	Responded	\$2,200.00		\$2,200.00
Non-archived Sub-total:			\$6,600.00	\$2,200.00	\$4,400.00
Archived Sub-total:					
Total:			\$6,600.00	\$2,200.00	\$4,400.00

At the bottom of each OCF-type section, you will see the following total amounts:

- **Non-archived Sub-total:** The sub-total of proposed and approved amounts of all non-archived documents
- **Archived sub-total:** The sub-total of proposed and approved amounts on archived documents. Archived documents won't display in the lists, but the total is included for your reference. If none of the claimant's documents have been archived, the archived amount will be blank.
- **Total (including taxes):** The total proposed and approved amounts, including archived documents and taxes.
- **Tax Amount:** Here, taxes are displayed separately. The OCF-23 and Form 1 sections do not display the Tax Amount separately.

Part 12: Proposed Goods and Services

This section contains the line item goods and services proposed by the Facility.

Line item goods and services proposed by the Facility are listed in Part 12, shown here

Part 12: Proposed Goods or Services Requiring Insurer Approval										
GS Ref#	Code	Attr.	Provider Reference	Estimate/Day		Projected				
				Quantity/Measure	Cost	Total Count	Total Cost	Proposed Tax	Adjuster Response	
1	3.AN.12 "Fluoroscopy, brain"		Wirebound, Maria	1.00 HR	1500.00 0.00	10 0	15,000.00 0.00	☒ ☐		3.03.15 Pending Agreement By All Parties

Estimated duration of this Plan: 8 weeks
How many treatment visits have you already provided?

The list includes:

- **GS Ref #:** The record number of a given good or service
- **Code:** This column contains the CCI or GAP code associated with the good or service, as well as the description
- **Attribute:** The good or service attribute, if applicable. Hover your mouse over the attribute to view what it represents.
- **Provider Reference:** This column contains the name of the Provider who will be providing the good or service—to view the provider details, click on the name link and a separate window will open; you can also run your mouse over the provider name to display the profession
- **Quantity / Measure:** This column contains the quantity of the good or service to be delivered per visit and the unit of measure for this quantity
- **Cost:** This column contains the cost per good or service unit, as proposed by the Facility—it also has an associated active box, for the User to confirm or modify the amount submitted by the Facility
- **Total Count:** This column contains the total number of goods or services units to be delivered, as proposed by the Facility—it also has an associated active box for the User to confirm, or modify, the amount submitted by the Facility
- **Total Cost:** This column shows the total cost of delivering the goods or services—HCAI calculates this value by multiplying the Unit Cost by the Total Count
- **Proposed Tax:** This column indicates the applicability of HST to the selected goods or services, as proposed by the Facility; There are two associated active boxes for the User to confirm or modify the proposed tax assessment as submitted by the Facility
- **Adjuster Response:** An ellipsis button () is available to assist in searching for a reason code if you need to decline or partially approve the item

To record a decision against a plan, you must either approve, partially approve or decline, each line item in the table and then validate the decision by submitting a final decision.

Approving proposed goods and services:

In the Proposed Goods and Services table, confirm and/or modify the values and selections proposed by the Facility in the "Unit Cost," "Total Count," "Proposed Tax" box by entering the amount you wish to approve in each of the associated active boxes below the proposed amount.

OR, Approve the plan as submitted without any modifications in the "Apply multiple reason codes" section:

- Click **SET CHARGED COSTS TO APPROVED COSTS**
- The screen refreshes with the "Cost," "Total Count," and "Proposed Tax" active box are updated automatically to display the same values/selections as proposed by the Facility

You can modify the values in these columns by entering the approved amount in the box shown here

Click the <Set Charged Costs to Approved Costs> button, shown here, to approve the plan without modifications

Part 12: Proposed Goods or Services Requiring Insurer Approval

GS Ref#	Code	Attr.	Provider Reference	Estimate/Day Quantity/Measure	Projected		Total Cost	Proposed Tax	Adjuster Response

Denying proposed goods and services

To deny goods and services proposed by the Facility, you must provide a reason code to support the "deny" decision.

If you are only denying some of the proposed goods or services:

- In the Proposed Goods and Services table, set the amounts proposed by the Facility in the "Cost," "Total Count," boxes to "0" by entering the amount directly into the associated active boxes below the proposed amount and uncheck the "Proposed Tax" box, if necessary.
- Click the ellipsis button (...) next to each good or service to search for the reason code and to add it to the Adjuster Response column.

OR, if you wish to deny all proposed goods and services for the same reason, in the "Apply multiple reason codes" section:

- Click the **SET REASON FOR DECLINING** to specify the reason code common for all goods and services

To deny the proposed goods and services by line item, click the ellipsis button to search for and enter a reason code

Click the <Set Reason for Declining> button, shown here, to specify the reason code common for all goods and services

Totalling

This section displays a summary of the total cost of the approved line items in the Proposed Goods and Services table. The "Proposed" column shows the amount

proposed by the Facility and the "Approved" column shows the amount approved by the Adjuster.

The totals are automatically updated each time the **CALCULATE** button is clicked. Approving or denying all of the line items by using the "Apply multiple reason codes" functionality will automatically update the calculated totals.

Credits for expected payment through the Ministry of Health, or other Insurers can be noted here to modify the approved amount. They must be entered with a negative/minus (-) sign.

The Insurer can compare the proposed vs. approved amounts by reviewing the respective columns, shown here

Displayed totals are automatically updated every time the <Calculate> button is pressed

Part 13: Signature of Insurer

This section is where the user validates the approved or declined line items on the plan by recording an approval decision at the plan level.

To record a decision on a Plan, click one of the three decision buttons, shown here—the selection will be validated against the individual line item decision

Part 13: Signature of Insurer

Please confirm whether you waive the requirement of the applicant's signature. Use the decision buttons to submit your decision. If applicable, provide a message to the provider.
Insurers are advised not to waive claimant signature unless they are in possession of a signed OCF-1.

Adjuster's Name: Dixon, Natalie on behalf of Brown, Davis

* Is the applicant's or substitute decision maker's signature waived by the Insurer? ☐ No ☐ Yes

Message To Provider

NEED TO DISCUSS

To record a plan level approval decision:

Click on either the **APPROVE**, **PARTIALLY APPROVE**, or **DO NOT APPROVE** buttons. Your selection will be validated against the individual line item decision recorded earlier.

- Recording an **APPROVE** decision requires that all goods and services line items have been individually approved as submitted.
- A **PARTIALLY APPROVE** decision requires that some of the line items have been modified, either in "Cost", "Total Count", or the applicability of HST, in the associated active boxes.
- Recording a **DO NOT APPROVE** decision requires that all individual line items total "0" in the "Cost" and "Total Count" associated active boxes.

A confirmation screen appears advising that your decision has been recorded. You can print the adjudicated form by selecting the 'Print' button.

A confirmation message, shown here, shows that the adjudication decision was successfully recorded

Initiating Need to Discuss

The *Need to Discuss* functionality facilitates the interaction between the Facility and the adjudicating user in cases when a discussion over the proposed plan is required. When initiated, it provides a mechanism for the user to type text in a message box and send the message to the Facility. Each message item is recorded in the Message Log displayed on the Summary page of the plan.

To send a message to the Facility and associated Provider:

Write your message to the Facility and/or associated Provider(s) indicating the need to discuss. This message box appears in the bottom of Tab 5 (for OCF 18) or Tab 3 (for OCF 23),

Send a message to the Facility and/or associated Provider(s) using the "Need to Discuss" box, shown here

Click the **NEED TO DISCUSS** button. You then exit the plan Review and return to the Submitted work list on the Plans tab of the Insurer home page. The Facility User can now see the plan in the Submitted work list on his or her home page with the status changed to "In Discussion, Response Required," and can reply to your message.

Adjudicating the OCF-23 Treatment Confirmation Form

The Summary Tab and Tab 1 are common to all of the plans in HCAI. The information contained within Tab 2 of the OCF-23 is read-only information submitted by the Facility.

In the OCF-23, approval decisions are made in the Tab 3 screen. Here you may confirm whether a valid policy of insurance was in place at the time of the accident and then hit submit.

Associated Documents

To assist you in making your decision, the Associated Documents list for the Claimant displays in the upper part of the Tab 3 screen.

The screenshot shows the 'Review OCF23' interface. At the top, there's a blue header with 'HCAI' and 'HCAInfo'. Below the header, there are tabs labeled 'SUMMARY', '1', '2', '3', and '4'. The '3' tab is selected. To the right of the tabs are 'BACK' and 'NEXT' buttons. Below the tabs, there are 'CANCEL', 'PRINT', and 'SAVE' buttons. The main content area is divided into three columns: 'Claim Identifier', 'Return this form to:', and 'Plan Identifier'. The 'Claim Identifier' column contains: Applicant Name: Dallaire, Natalie; Claim Number: 137847; Policy Number: 6543; Date of Accident: 2018/06/01. The 'Return this form to:' column contains: Nova Insurance; 11 Millard St.; Peterborough, Ontario; M1M1M1. The 'Plan Identifier' column contains: Document Number: 18082800002; OCF Type: 23; Date Submitted: 2018/08/28; Source: Web; OCF Effective Date: 2016/07/22; Archival Status: Not Archived. Below these columns, there's a section titled 'Associated Documents Results' which is highlighted with a green box. Inside this section, there's a button labeled 'VIEW ASSOCIATED DOCUMENTS'. At the bottom, there's a partially visible section titled 'Part 9: Direct Payment Assignment'.

- To view the Associated Documents click the 'View Associated Documents' button.
- To download the Associated Documents section as a .CSV file, click the 'Download Report' button at the top right of the section. This will allow you to save and edit the information as required.

The Associated Documents section offers two viewing options: Claimant View (default) and Plan View. Use the 'View' drop-down in the top right corner of the section to select a view.

- **Claimant View:** Displays a consolidated view of a claimant's plans and invoices in HCAI.
- **Plan View:** Displays all documents associated with the current plan that are matched to the same claimant.
 - If you are reviewing an invoice, this view will display the parent plan and all its associated invoices.
 - If you are reviewing a plan, this view will display the plan and its associated invoices. Please note: there are no invoices associated to the Form 1 in HCAI.

In both views, the Associated Documents display is broken down into separate sections for each OCF type. A maximum of ten documents per section is displayed at a time. If you have more than ten documents in a section, you can press the 'Next' button to see more documents.

change from
Claimant view to
Plan view

Each OCF section will display the following columns:

- **Document number:** Click on the Document number to open that document in a new window.
- **Plan #:** Visible in invoice sections only, the Plan # column displays the associated plan number. If the invoice is not associated with a plan, the column will state 'Exempt'. If the link between the invoice and plan has been broken, a dash will appear. This can occur if the plan and invoice are matched to different claimants.
- **Facility:** Click on the Facility name to open a new window that displays the signing provider's details, including name, professional details, billing address and service address.
- **Status** of the document
- **Proposed Amount**

- **Approved Amount:** This column will appear in all OCF sections except the OCF-23
- **Pre-Approved Amount:** In the OCF-23 section, you will see the Pre-Approved Amount column, which is sub-divided into two columns: Declined and Responded.

OCF-23					
Showing all associated OCF-23s that are not archived.					
▼ Document #	► Facility	► Status	Proposed Amount (\$)	Pre-approved Amount(\$)	
				Declined	Responded
18082800006	Orchard Rehabilitation	Responded	\$2,200.00		\$2,200.00
18082800005	Orchard Rehabilitation	Declined	\$2,200.00	\$2,200.00	
18082800001	Orchard Rehabilitation	Responded	\$2,200.00		\$2,200.00
Non-archived Sub-total:			\$6,600.00	\$2,200.00	\$4,400.00
Archived Sub-total:					
Total:			\$6,600.00	\$2,200.00	\$4,400.00

At the bottom of each OCF-type section, you will see the following total amounts:

- **Non-archived Sub-total:** The sub-total of proposed and approved amounts of all non-archived documents
- **Archived sub-total:** The sub-total of proposed and approved amounts on archived documents. Archived documents won't display in the lists, but the total is included for your reference. If none of the claimant's documents have been archived, the archived amount will be blank.
- **Total (including taxes):** The total proposed and approved amounts, including archived documents and taxes.
- **Tax Amount:** Here, taxes are displayed separately. The OCF-23 and Form 1 sections do not display the Tax Amount separately.

Part 8: Direct Payment Assignment

This section contains a field that instructs facilities to have the applicant initial the OCF to provide consent for direct payment. This section does not override Service Provider Licensing rules regarding direct payment.

In this example, a Facility has indicated they have received consent to obtain direct

Part 8: Direct Payment Assignment	
Has the applicant assigned direct payment to the licensed service provider by initialing Part 8?	☐ No ☒ Yes

Part 9: Signature of Applicant

This information is read-only, having been specified by the Facility.

The information in Part 9 is completed by the Facility

Part 9: Signature of Applicant

Is the applicant's or substitute decision maker's signature on file? ☐ No ☒ Yes

Applicant's or Substitute Decision Maker's First Name: Sally
Applicant's or Substitute Decision Maker's Last Name: Smith
Signed Date: 2016/04/22

Is the applicant's or substitute decision maker's signature waived by the insurer? ☒ No ☐ Yes

Part 10: Guideline Services

This section contains the line item list of goods and services as proposed by the Facility. The section contains Minor Injury Guideline (MIG) and Supplementary Goods and Services, and the list of Other Pre-approved services (including Radiology).

The list includes:

- **Category:** MIG, Supplementary Goods and Services and Other Pre-approved services (including Radiology)
- **Description:** This column contains the description of the MIG and the supplementary goods and services and the x-ray descriptions
- **Maximum Fee:** This column contains the maximum fee, as per the Superintendent's guideline
- **Estimated Fee:** This column contains the cost of the pre-approved good or service, which the Facility is billing for
- **Code:** This column contains the CCI or GAP code associated with the good, or service as well as the description
- **Views:** This column contains information on the required number of X-ray views

The only applicable answer to "Identify which Guideline is applicable" is MIG

Part 10: Guideline Services				
Category	Description		Maximum Fee	Estimated Fee
Identify which Guideline is applicable	Minor Injury		1,800.00	1,000.00
Supplementary Goods and Services				
Other Pre-approved Services (including radiology)				
Code	Description	Views	Maximum Fee	Estimated Fee
3SC10	X-Ray of the Cervical Spine	2 or fewer (CXA)	36.80	50.00
3SC10	X-Ray of the Thoracic Spine	2 or fewer (THA)	34.34	100.00
3SC10	X-Ray of the Lumbar Spine	Not Selected.	0.00	
3SC10	X-Ray of the Lumbosacral Spine	Not Selected.	0.00	
			Auto Insurer Total: 1,150.00	

Part 11: Signature of Insurer

This section contains fields to confirm whether the Insurer requires the Applicant's signature and whether the policy was in force at the time of the accident.

Select "Yes" to confirm you waive the applicant's signature and "No" if you do not.

Select "Yes" to confirm that there was a valid policy in force that will correspond to the applicant's claim, or "No" if there was not.

Use the "Explanation of adjuster response" to provide additional details to the submitting health care facility

Successful submission

If there are no errors or incomplete data, your response is submitted to the Health Care Facility. The default confirmation screen then appears. You can print an adjudicated copy of the form by pressing the 'Print' button.

A confirmation message indicates that the insurer has successfully responded to the OCF

Select the "Close Window" button to return to the Insurer home page

Click the **CLOSE WINDOW** button to return to the Insurer home page. Depending on the decision recorded against it, the Plan is moved into the Adjuster Response work list.

If there is any invalid or incomplete data, you are returned to the form with:

- An error notifying you that there are errors;
- A list of errors, if any on the current page;
- The navigation buttons of error-containing steps highlighted in orange

Adjudicating the Form 1 (Assessment of Attendant Care Needs)

The Summary Tab and Tab 1 are common to all of the plans in HCAI, with one exception: the Attendant Care Assessment Information, which appears on the summary tab.

In this section, a user can review information about the assessment, including whether this is a first assessment and whether this is an Insurer Examination.

The facility can indicate whether this is an Insurer Examination in this section, which appears on the Summary tab

Attendant Care Assessment Information

* Assessment Date: 2016/09/07

* First Assessment? ☒ No ☐ Yes ☐ Unknown

Last Assessment Date: 2016/09/07

Is this an Insurer Examination? ☐ No ☒ Yes

Current Monthly Allowance:

Tab 2: Signature of Assessor

On Tab 2, adjusters can review the Signature of Assessor section and information about the submitting facility, including whether it has an active FSCO-issued service provider licence.

This section also indicates the assessor's profession. HCAI will only allow occupational therapists and registered nurses to complete and submit a Form 1.

The Signature of Assessor section contains information about the assessor and their profession

Signature of Assessor

Name of Assessor: Harry, Potter

Profession: Nurse Practitioner (77788963)

Assessor E-mail:

Service Address

Facility Name: EM Rehab Inc.

HCAI Facility Registry Number: 100794

FSCO Facility Licence Number:

Address 1: 123 Main Street

Address 2:

City: Toronto

Province: Ontario

Postal Code: M1M1M1

Phone: (416) 555-5555

Fax:

Facility Authorizing Officer E-mail: emcginnis@ibc.ca

Is the signature on file? The assessor confirms that, to the best of his/her knowledge, the information in this form is accurate. The assessor has obtained the appropriate consent from the applicant for the collection, use and disclosure of the information submitted.

☐ No ☒ Yes

Signed Date: 2016/08/19

Parts 1-3: Assessment of Attendant Care

Tabs 3, 4 and 5 contain the assessment of attendant care needs proposed by the assessor.

Tabs 3, 4 and 5 display Level 1, 2 and 3 Attendant Care respectively

Each level of attendant care is subdivided into types of attendant care and tasks, shown here

Assessors can enter their assessment for the number of minutes each task will take and the number of times per week here

Part 1: Level 1 Attendant Care
Review the line items and the totals provided at the end of this section. Line items can be declined by clicking on the checkbox next to each line item.

Description	Minutes	Times Per Week	Minutes Per Week	Decline Item?	Adjuster Response
Upper Body (for example, underwear, shirt/blouse, sweater, tie, jacket, gloves, jewelry)	5	7	35	☐	...
Lower Body (for example, underwear, disposable briefs, skirt/pants, socks, pajamas, hose, slippers/shoes)	5	7	35	☐	...
Assessed Subtotal:			70		
Approved Subtotal:			70		

The form is organized by level (1, 2 and 3) and type of attendant care (e.g. dress, grooming, etc.). Each section is subdivided into tasks. Assessors can enter their assessment for the amount of minutes the task should take and the number of times per week the task should be performed. The system will automatically calculate the number of minutes each task will take per week.

If desired, the Adjuster can decline an individual line item by checking off the "Decline Item?" box next to the line item and entering a reason code for the declined line item.

The assessed and approved subtotal for each level of attendant care is displayed at the bottom of each tab. Assessors must enter an hourly rate which is used to automatically calculate the monthly care benefit based on the values that were inputted in the tab.

The monthly care benefit displayed in this section is automatically calculated using the assessed number of minutes and the hourly rate

Part 1 Totals
You may use the buttons below to approve or decline all items for Part 1. Use the ellipsis button to provide a reason if you are changing the hourly rate.

	Total Minutes Per Week	÷ 60 =	Total Weekly Hours	× 4.3 =	Total Monthly Hours	×	Hourly Rate	=	Monthly Care Benefit	Adjuster Response
Assessed	560	÷ 60 =	9.33333	× 4.3 =	40.1333	×	13.00	=	\$521.73	...
Approved	560	÷ 60 =	9.33333	× 4.3 =	40.1333	×	13.00	=	\$521.73	...

SET REASON CODE FOR DECLINING

Total Monthly Attendant Care Benefit

	Monthly Care Benefit	Adjuster Response
Total Assessed Benefit:	\$1,350.91	
Total Calculated Benefit:	\$1,350.91	
Total Approved Benefit:	1350.91	

HCAI populates the assessed and calculated benefits. You may use these values or provide different value for approved benefit.

Declining proposed goods and services

To deny goods and services proposed by the Facility, you must provide a reason code to support the "decline" decision. On the Form 1, you can decline:

- individual line items,
- an entire part, or
- the entire form.

To decline an individual line item:

- Scroll to the Part and line item you wish to decline
- Check the "Decline Item?" box next to the individual line item
- Click the ellipsis button (...) next to the task to search for the reason code and to add it to the Adjuster Response column

Check the "Decline Item?" box next to the line item to decline the individual item

Search for a reason code for the declined line item by clicking the ellipsis button, shown here

Part 1: Level 1 Attendant Care
Review the line items and the totals provided at the end of this section. Line items can be declined by clicking on the checkbox next to each line item.

Description	Minutes	Times Per Week	Minutes Per Week	Decline Item?	Adjuster Response
Dress					
Upper Body (for example, underwear, shirt/blouse, sweater, tie, jacket, gloves, jewelry)	25	1	25	☒	Expenses are not...
Lower Body (for example, underwear, disposable briefs, skirt/pants, socks, panty hose, slippers shoes)			0		
Assessed Subtotal:			25		
Approved Subtotal:			0		

To decline an entire part:

- Scroll to the bottom of the Part you would like to decline
- Click the **DECLINE ALL FOR PART 3** button
- Click the ellipsis button (...) next to the monthly care benefit to search for the reason code and to add it to the Adjuster Response column
- Once this is complete, the Approved Benefit for the declined part will be changed to 0
- The Approved Benefit for the declined Part will also display as \$0.00 on Part 4 (Calculation of Attendant Care Costs) on Tab 6

Click the ellipsis button to search for the reason code

Click the "Decline All for Part [1/2/3]" to decline an entire part

Part 3 Totals
You may use the buttons below to approve or decline all items for Part 3. Use the ellipsis button to provide a reason if you are changing the hourly rate.

	Total Minutes Per Week	÷ 60 =	Total Weekly Hours	× 4.3 =	Total Monthly Hours	×	Hourly Rate	=	Monthly Care Benefit	Adjuster Response
Assessed	810	÷ 60 =	13.5	× 4.3 =	58.05	×	13.00	=	\$754.65	
Approved	0	÷ 60 =	0	× 4.3 =	0	×		=	\$0.00	

APPROVE ALL FOR PART 3 **DECLINE ALL FOR PART 3** **CALCULATE**

To deny the entire form:

- Go to Part 4: Calculation of Attendant Care Costs on Tab 6 and scroll to the bottom of the Part to a section titled 'Apply all to line items'
- Click **SET REASON FOR DECLINING** to specify the reason code common for all goods and services
- The Approved Benefit for all Parts will display as \$0.00 in Part 4 (Calculation of Attendant Care Costs)

Note: If an adjudicating user decides to provide a reason code for some line items and enter a reason code for the entire document on Tab 6, the reason code entered on Tab 6 will not override the reason codes entered on individual line items

After clicking the "Set Reason Code for Declining" button at the form level, the Approved Benefit for each part will be changed to \$0.00

Click the "Set Reason Code for Declining" button to apply an a reason code for the entire form

Adjuster Details

This section is where the user validates the approved or declined line items on the plan by recording an approval decision at the plan level. The selection in this section will be validated against the individual decisions made in the form.

To record a decision on a Plan, click one of the three decision buttons, shown here

To record a plan level approval decision:

Click on either the **APPROVE**, **PARTIALLY APPROVE**, or **DO NOT APPROVE** button. Your selection will be validated against the individual line item decision recorded earlier.

- Recording an **APPROVE** decision requires that all goods and services line items have been individually approved as submitted.
- A **PARTIALLY APPROVE** decision requires that some of the line items in the form have been declined, or a different hourly rate has been provided
- Recording a **DO NOT APPROVE** decision requires that every Part of the form has an Approved Benefit of \$0.00

A confirmation screen appears to advise that your decision has been recorded. You can press the 'Print' button to retrieve a PDF version of the form with the decision included.

A confirmation message, shown here, shows that the adjudication decision was successfully recorded

Additional Comments

The Additional Comments section, found on Tab 7, shows whether a facility has indicated additional attachments will accompany the form. Facilities must indicate the number and types of documents/reports that are being sent. Insurers can indicate the date of receipt of the attachments on the Summary Tab.

Withdrawing a Form on Behalf of a Facility

When a Facility and/or associated Provider wants an Adjuster to withdraw a form either because of duplicate processing or because the treatment is no longer required, the Facility or associated Provider must contact the Adjuster and request that the OCF be declined. The process for withdrawing the OCF on behalf of the Facility depends on whether or not the OCF has been adjudicated.

Withdrawing a not-yet-adjudicated OCF on behalf of a Facility

1. The Facility or associated Provider will contact the Adjuster and request that the OCF be declined
2. Go to the Plans tab of the Insurer home page, select the Work in Progress tab and navigate to the desired Plan
3. Click the "Review Form" button () next to it. The Plan opens at the Summary screen
4. The adjudicating user will click the  button

Select the "Set Reason for Declining" to enter a reason code for declining the form

- The Insurer will then be prompted to enter a reason code. For example, the reason code could be as shown below, "Adjuster decision—Withdrawn—Withdrawn on behalf of the claimant, provider, or insurer—see explanation for who withdrew". A similar reason code screen also appears in the OCF-23.

6. Once the reason code has been added, the user can proceed to decline the OCF by pressing “Do not approve” in the Signature of Insurer section

To decline the form, select the appropriate adjudication decision

Part 13: Signature of Insurer

Please confirm whether you waive the requirement of the applicant's signature. Use the decision buttons to submit your decision. If applicable, provide a message to the provider.
Insurers are advised not to waive claimant signature unless they are in possession of a signed OCF-1.

Adjuster's First Name: Jean
Adjuster's Last Name: Cole

* Is the applicant's or substitute decision maker's signature waived by the insurer? ☐ No ☒ Yes

5. A message appears asking you to confirm the withdrawal. Click <OK> in response to this message.
6. The Plan will now be in "Review Required" status.
7. Once the form has been withdrawn, a user can decline the OCF using the steps outlined in the section above ("**Withdrawing a Form for a Facility that has not yet been adjudicated**")

Generating and Viewing the Explanation of Benefits

The Explanation of Benefits (EOB) can be generated and viewed only after a decision has been recorded on the plan.

To generate an EOB:

1. Click the "Review Form" button (🔍) next to the plan you wish to open in the Adjuster Response work list under the Plans tab.
2. Click **CREATE EOB** at the top or bottom of any of the Tabs.
3. The Explanation of Benefits window opens to Tab 1. Tab 1 contains the *Applicant Information, Eligibility for Income Replacement Benefits* and

Catastrophic Determination sections. This information is generated automatically. You cannot change this information.

4. On the OCF-18 and OCF-23 EOBs, Tab 2 contains a column for adding interest payable.
 - On Form 1 EOBs, Tab 2 contains the total assessed and total approved benefit and a list of Not approved items (if any). This information is displayed as read-only.
5. To save an EOB, click **SAVE**. This saves the document as a draft. It will not be viewable to the Facility.

To prepare an EOB for a Claimant:

1. Click **PRINT** to produce a PDF of the form to be shared with the Claimant.
2. Though not displayed in the web interface, the PDF/printed version of the EOB will also include the Applicant's Rights to Dispute.

To share the EOB with the submitting Facility:

An adjudicating user may wish to provide additional details about their decision by submitting an EOB to the submitting Health Care Facility.

1. To submit the EOB to a Facility, select the **SUBMIT** button at the top or bottom of the EOB.
2. Review the information in the EOB and click **CONFIRM**.
3. A window will appear to confirm the EOB has been submitted to the Facility.
