Chapter 9: Insurer Management

Insurer Management is used to create an organizational structure, or domains, within HCAI that are closely linked with and support the roles assigned to individual users. Insurer organizations are structured using entities arranged in a hierarchical format:

Insurer (parent) > Insurer (child) > Branch(es)/Claim Groups

This chapter outlines the setup and maintenance of Insurer information and organization structures within the HCAI system.

A clearly expressed organizational structure in HCAI ensures that Plans and Invoices submitted by Facilities are routed and assigned to the correct Insurer and Branch/Claim Group.

An Insurer is defined within HCAI as an entity that insures the policyholder and owns any claim information generated by the policy. A parent Insurer is one that is comprised of several subsidiary organizations (child insurers), each of which functions as a distinct insuring entity. Each Insurer can be associated with one or multiple Branches/Claim Groups. A child Insurer that can use only the Branches/Claim Groups associated with its parent Insurer, and does not have any Branches/Claim Groups of its own, is classified as a “virtual Insurer.”

A Branch/Claim Group is a way for insurers to group all claims with the same access restrictions. Once this grouping is done, it becomes easier to manage users’ access to claims by either granting or restricting each user’s access to the claim group, if required. Branches/Claim Groups are subsets of Insurers; a Branch/Claim Group can belong to only one Insurer.

Only a user with the role of **Organization Administrator** has access to the Insurer Management subtab under the Manage tab in HCAI. Here, HCAI provides the functionality to create, view, update, deactivate, and reactivate Insurers and Branches/Claim Groups.

General Business Rules

The following business rules apply to Insurer and Branch/Claim Group management at all times:

- An Insurer can be associated with zero or more Branches/Claim Groups
- A single Insurer must have at least one Branch/Claim Group
- An Insurer can be specified as a parent or child Insurer
- A child Insurer that uses only Branches/Claim Groups associated with its parent Insurer, and does not have any Branches/Claim Groups of its own, is categorized as a "virtual Insurer"
- A Branch/Claim Group cannot be added to or associated with virtual Insurers
- A Branch/Claim Group cannot be deactivated until all claims are deactivated or transferred into a different claim group
- An Insurer cannot be deactivated until all Branches/Claim Groups belonging to the Insurer are deactivated
- A deactivated Insurer or Branch/Claim Group cannot be referenced in new Plans and Invoices created in HCAI
- Plans and Invoices cannot be submitted to a deactivated Insurer and Branch/Claim Group
- An Insurer must have a unique IBC reporting company number
- All activated Branches/Claim Groups belonging to an Insurer must have a unique Branch/Claim Group identifier

Insurer Branch/Claim Group Management

This section describes how to search, add, update, deactivate and reactivate Branches/Claim Groups of an Insurer.

The Insurer Branch/Claim Group Management functionality is found in the Insurer Management subtab, which is accessible from the Manage tab. Click on the Manage tab. If the Insurer Management sub tab is not the resulting default selection, select it. Depending on either on your organization type or your role and corresponding access privileges, you may see the "Select Insurer" drop-down list, which contains one or more Insurer companies at the top of the page. Selecting an Insurer from this list refreshes the Browse Branches/Claim Groups section in the bottom of the screen to contain all Branches/Claim Groups associated with a given Insurer.

Adding a Branch/Claim Group

The **ADD NEW BRANCH/CLAIM GROUP** button located in the Browse Branches/Claim Groups section of the *Insurer Management* screen is available only when the Insurer details have been previously completed and validated through HCAI's insurer support channel.

Clicking the **Add New Branch/Claim Group** button will prompt you to create a new Branch/Claim Group

Branch/Claim Group names are hyperlinked here—click them to edit Branch/Claim Group Details

The screenshot displays the 'Insurer Management' screen. The top navigation bar includes 'DASHBOARD', 'DOCUMENTS', 'CLAIMS', 'SEARCH', 'MANAGE', and 'HCAIInfo'. Below this is a search bar for 'Claim Number' and a 'GO' button. The main content area is divided into sections: 'INSURER MANAGEMENT', 'USER MANAGEMENT', 'TEAM MANAGEMENT', and 'REPORTS'. The 'INSURER MANAGEMENT' section is active, showing the 'Select Insurer' dropdown set to 'Aria Insurance'. Below this is the 'Insurer Details' form, which includes fields for 'Insurer Name', 'IBC ID', 'Virtual Insurer?', 'Address', 'City', 'Province', 'Postal Code', 'Phone', 'Fax', 'Contact One', 'Contact Two', and 'Chief Privacy Officer'. The 'Configuration Management' section follows, with checkboxes for 'Claim-Claimant Feed and Extract?', 'Insurer All-data Extract?', and 'Privacy Consent?'. The 'Insurer's Signature Settings' section allows users to choose what name is displayed in the insurer's signature section. At the bottom, the 'Browse Branches/Claim Groups' table lists three groups: 'Oshawa', 'Peterborough', and 'Toronto', each with a 'Status' of 'Active' and a 'DEACTIVATE' button. A green arrow points to the 'ADD NEW BRANCH/CLAIM GROUP' button in the top right corner of the table.

Branch/Claim Group Name	City	Status	Action
Oshawa	Oshawa	Active	DEACTIVATE
Peterborough	Peterborough	Active	DEACTIVATE
Toronto	Oshawa	Active	DEACTIVATE

To add a new branch/claim group:

1. Click **ADD NEW BRANCH/CLAIM GROUP**. The *Branch/Claim Group Details* screen appears with empty fields waiting to be filled with Branch/Claim Group details. The Branch/Claim Group Status value is "Active."
2. Type in the Branch/Claim Group name as assigned by the Insurer. The name is to contain no more than 50 characters.
3. Specify the Branch/Claim Group ID. The ID is the unique Branch/Claim Group identifier provided by the Insurer.
4. Enter the address of the Branch/Claim Group, selecting the province from the drop-down list.
5. Enter the first and last name, phone number and email address of Contact 1 in the respective fields.
6. Enter similar information for Contact 2 (if any) in the respective fields.
7. Click **SAVE** to save the new Branch/Claim Group.

If this information is incomplete, or invalid, you are returned to the *Branch/Claim Group Details* screen with an error message at the top identifying the field name(s) that is(are) either incomplete or invalid. You must correct the information and save the Branch/Claim Group information again.

Once the Branch/Claim Group information is validated, you are returned to the *Branch/Claim Group Details* screen with a message, indicating the successful creation of the Branch/Claim Group entity.

To clear the information and reload the *Branch/Claim Group Details* screen, click **CANCEL**.

After you have created and saved a new Branch/Claim Group, the **ADD NEW BRANCH/CLAIM GROUP** button appears at the top of the *Branch/Claim Group Details* screen.

The "New Branch/Claim Group Created" message, shown here, indicates that the new Branch/Claim Group was successfully created

To add another branch/claim group, click the **Add Branch/Claim Group** button

The screenshot shows the 'Insurer Management' subtab with the 'Branch/Claim Group Details' form. The form is titled 'Add / Edit / View Details of "Confidential"'. It includes a 'New Branch/Claim Group created.' message. The form fields are as follows:

Field	Value
Branch/Claim Group Status	Active
* Branch/Claim Group Name	Confidential
* Branch/Claim Group ID	12
Branch/Claim Group Address	
* Address	123 Peter St
* City	Toronto
* Province	ON - Ontario
* Postal Code	M1M1M1
* Phone	(555) 555-5555
Contact One	
Contact One Name	James Smith
Contact One Phone	(555) 555-5555
Contact One Email	jamesmith@test.com
Contact Two	
Contact Two Name	
Contact Two Phone	
Contact Two Email	

A green arrow points to the 'ADD BRANCH/CLAIM GROUP' button in the top right corner of the form.

Adding another Branch/Claim Group

Click the Add Branch/Claim Group button to add another Branch/Claim Group. This clears the fields onscreen and you can enter information required to create another Branch/Claim Group entity, as described above.

Searching for a Branch/Claim Group

On the Insurer Management subtab, locate the Browse Branches/Claim Groups section. This section contains a list of Branches/Claim Groups associated with a given Insurer.

If an Insurer has multiple Branches/Claim Groups, you can sort the list to facilitate the search:

- To search by the Branch/Claim Group name, click the "Branch/Claim Group Name" column header. This sorts the names in ascending alphabetical order. Click it again to sort the list in descending order.
- To sort by the Branch/Claim Group's city of residence, click the "City" column header. This sorts the city list in ascending alphabetical order. Click it again to sort the list in descending order.

Click on the arrow at the top of the column, shown here, to sort by Branch/Claim Group Name or City

The screenshot shows the Atria Insurance HCAI system interface. The top navigation bar includes links for DASHBOARD, DOCUMENTS, CLAIMS, SEARCH, MANAGE, and HCAI Info. The main content area is titled 'Insurer Management' and contains several sections: Insurer Details, Insurer Address, Contact One, Contact Two, Chief Privacy Officer, Configuration Management, Insurer's Signature Settings, and Browse Branches/Claim Groups. The 'Browse Branches/Claim Groups' section at the bottom features a table with columns for Branch/Claim Group Name, ID, and Status. A green arrow points to the 'Branch/Claim Group Name' column header, indicating that clicking the arrow at the top of the column allows sorting by Branch/Claim Group Name or City.

Branch/Claim Group Name	ID	Status	DEACTIVATE
Oshawa	Oshawa	Active	DEACTIVATE
Peterborough	Peterborough	Active	DEACTIVATE
Toronto	Oshawa	Active	DEACTIVATE

Updating a Branch/Claim Group

1. Select the Branch/Claim Group from the Browse Branch/Claim Group section on the screen
2. In this screen, update the Branch/Claim Group details as required
3. To validate and save the details, click **SAVE** — if any of the fields are incomplete or contain invalid information, the changes are not saved and you are returned to the Branch/Claim Group Details page; HCAI highlights the fields needing attention with the symbol
4. To exit, click **CANCEL**

Turning On/Off Document Submission to a Branch/Claim Group

Insurers can control whether a facility can select a particular branch/claim group from the submission drop-down menu at the time of document submission. Ultimately, however, the form will be directed to the branch/claim group the associated claimant has been set up in. For this reason, if you have a branch/claim group with active claims, you should continue to manage user access to that branch until all claims are run down and are deactivated.

To turn off facility submission to a branch/claim group, you must have the **Organization Administrator** role.

1. Go to the Manage tab and the Insurer Management sub-tab.
2. If your organization has child insurers, locate the "Select Insurer" dropdown at the top of the page and select the insurer whose claim group you'd like to edit.
3. Scroll down to the bottom of the screen and locate the 'Browse Branches/Claim Groups' section.
4. Click the name of the branch/claim group you would like to edit.
5. In the 'Branch/Claim Group Management' section, it asks "Allow facilities to submit documents to this branch/claim group?" Select 'No' to hide the claim group from facilities or 'Yes' to make the claim group visible.
6. Click  .

Control whether you want a branch/claim group to allow document submission to it and also whether new claim-claimant records can be set up in this settings panel

The screenshot shows the HCAI Insurer Management interface. The top navigation bar includes tabs for DASHBOARD, DOCUMENTS, CLAIMS, SEARCH, MANAGE, MY PROFILE, and HCAIInfo. The MANAGE tab is active, and the sub-tab INSURER MANAGEMENT is selected. The breadcrumb trail is Insurer Management > Atria Insurance Test > Branch/Claim Group Details. The form is titled "Add / Edit / View Details of 'Oshawa'" and includes fields for Branch/Claim Group Status (Active), Branch/Claim Group Name (Oshawa), and Branch/Claim Group ID (3234). Below these are fields for the Branch/Claim Group Address, including Address (222 Main St), City (Oshawa), Province (ON - Ontario), Postal Code (L1L 2L2), Phone ((905) 555-5555), and Fax. There are also sections for Contact One and Contact Two, each with fields for Name, Phone, and Email. At the bottom, the "Branch/Claim Group Management" section contains two checkboxes: "Allow facilities to submit documents to this branch/claim group?" (checked) and "Allow claim-claimants to be set up in this branch/claim group?" (checked). A green arrow points to the second checkbox. The form has CANCEL and SAVE buttons at the bottom.

Turning On/Off New Claimant Set Up in a Branch/Claim Group

If you have a branch/claim group you would like to wind down, you may wish to prevent new claim-claimant records from being set up in it. Insurers can control whether new claim-claimant records can be set up in a branch/claim group in the Branch/Claim Group Management section. This setting will also prevent claims from being transferred into this branch/claim group.

If you integrate your claims software with HCAI, you should first speak with your technical team to ensure that claim/claimant records are not being automatically routed to that branch. Otherwise, you may encounter issues with your integration feed.

To turn off new claim/claimants set up in a branch, you must have the **Organization Administrator** role.

1. Go to Manage tab and the Insurer Management sub-tab.

2. If your organization has child insurers, locate the "Select Insurer" dropdown at the top of the page and select the insurer whose branch/claim group you'd like to edit.
3. Scroll down to the bottom of the screen and locate the 'Browse Branches/Claim Groups' section.
4. Click the name of the branch/claim group you would like to edit.
5. In the 'Branch/Claim Group Management' section, it asks "Allow claim-claimants to be set up in this branch/claim group?" Select 'No' to prevent claim-claimants being set up or select 'Yes' to allow it.
6. Click **SAVE**.

Control whether you want a branch/claim group to allow document submission to it and also whether new claim-claimant records can be set up in this settings panel

The screenshot shows the 'Branch/Claim Group Details' form for 'Oshawa' (ID: 3234). The form includes sections for 'Branch/Claim Group Address' and 'Contact One'. At the bottom, the 'Branch/Claim Group Management' section contains two checkboxes: 'Allow facilities to submit documents to this branch/claim group?' (set to 'No') and 'Allow claim-claimants to be set up in this branch/claim group?' (set to 'No'). A green arrow points to the second checkbox. The 'SAVE' button is highlighted in blue.

Deactivating a Branch/Claim Group

1. Locate the required Branch/Claim Group from the list in the Browse Branches/Claim Groups section of the *Insurer Management* screen.
2. Click the **DEACTIVATE** button next to the Branch/Claim Group to deactivate—this branch/Claim Group is successfully deactivated if there are no active claims associated to the Branch/Claim Group.
3. Upon successful deactivation of the Branch/Claim Group, the **DEACTIVATE** button is replaced by the **ACTIVATE** button.

If the deactivation is successful, the button will change to Activate

Branch/Claim Group Name	City	Status	
Confidential	Toronto	Deactivated	ACTIVATE
Oshawa	Oshawa	Active	DEACTIVATE
Peterborough	Peterborough	Active	DEACTIVATE
Toronto	Oshawa	Active	DEACTIVATE

Deactivating from the *Branch/Claim Group Details* screen

1. You may also deactivate a Branch/Claim Group from inside the *Branch//Claim Group Details* screen. Click on the name of the Branch/Claim Group to open the Branch/Claim Group Details screen.
2. Click the **DEACTIVATE** button at the top of the *Branch/Claim Group Details* screen.
3. Click <OK> in the confirmation dialog box that appears—the Branch/Claim Group is now deactivated.

Click the Deactivate button to deactivate the Branch/Claim Group

Updating Insurer Name

When an insurer decides to rename the organization, either because of a merger or rebranding, there are a few important factors to consider. Most importantly, submitting health care facilities will need to be aware of your name change so that they can continue to submit OCFs to your organization. The name you select will also appear at the top of printed Ontario Claims Forms (OCFs).

Insurance companies that would like to change their name in HCAI must complete a name change form. This form binds the new legal company name to the HCAI Terms and Conditions. The display name in HCAI does not necessarily need to reflect the full legal name, but it should provide enough guidance to the submitting health care facility about which insurer to select.

Other factors to consider:

- The name cannot exceed 50 characters (including spaces).
- It is the responsibility of the insurer to contact every affected policyholder, current claimant and submitting health care facility to advise them of the name change.

To update the insurer name in HCAI:

1. Go to HCAIinfo's [Insurer Name Changes](#) page under the Management & Admin menu.
2. Review and complete the Insurer Name or Address Change Form that is linked on the page.
3. Submit the form to HCAI Insurer Support using the contact information outlined on the form.
4. HCAI Insurer Support will review your form and provide next steps.

Updating Insurer Contact Information

It is important to ensure your organization's Contact One, Contact Two, and Chief Privacy Officer Information is always kept up-to-date in HCAI.

Contact One and Contact Two are the only two individuals in your organization who receive HCAI's information and updates via email. These two individuals play a vital role in distributing this information to others in your organization.

The Chief Privacy Officer will not receive HCAI communications. This should be the privacy staff member with the responsibility for managing privacy/security breaches or any privacy issues identified by HCAI Processing.

To update the company's contact information, you must have the **Organization Administrator** role.

1. Go to the Manage tab and the Insurer Management subtab.
2. On the 'Insurer Details' screen, scroll down to locate the Contact One, Contact Two, or Chief Privacy Officer fields.
3. Input the updated Name, Phone Number, and E-mail Address information.
4. Scroll to the bottom of the screen and click .

Use these fields to update Contact One and/or Contact Two information

Managing Insurer Signature Settings

On the Insurer Management subtab, insurers have the option to choose what name will display in the insurer's signature section of each OCF when it is adjudicated. Any modification to the setting will apply only to documents adjudicated after the setting is changed. Each child insurer may have a different signature policy if required.

You may choose from three possible signature policies:

1. **Claimant file owner's name:** the name of the file owner assigned to the claimant at the time of adjudication. This is the default selection if the setting is not updated by the insurer.
2. **Adjudicating user's name:** The name of the user who recorded the adjudication decision, whether or not this user is the claimant file owner.

3. **Adjudicating user's name "on behalf of" the claimant file owner's name:**
The names of both the user who recorded the adjudication decision, and the claimant file owner. E.g. "Smith, John on behalf of Jones, Jane." If the adjudicating user and claimant file owner are the same, their name will only appear once. E.g. "Smith, John".

The selected information will appear in the following sections of each OCF:

- **OCF-18:** Part 13: Signature of Insurer
- **OCF-23:** Part 11: Signature of Insurer
- **OCF-21:** Signature of Insurer
- **Form 1:** Adjuster Details

Please note: When an OCF is marked "cannot be matched" or "sent to wrong insurer", the OCF's insurer signature section will display blank.

To update the insurer's signature settings:

1. Go to the Manage tab and the Insurer Management sub-tab.
2. If you have one or more child insurer(s), you may select an insurer from the Insurer drop-down at the top of the page. Each child insurer may have their own signature policy.
3. Scroll down to the section titled "Insurer's Signature Settings".
4. Select your preferred option.
5. Click **SAVE**. The new setting will be reflected on all documents adjudicated from this point forward.

Select the information to be displayed in the insurer's signature section of OCFs, then click "Save" to save your selection

Insurer's Signature Settings

Insurers have the option to choose what name is displayed in the insurer's signature section when documents are adjudicated. Any modification to the policy here applies only to documents adjudicated after this setting is selected.

Choose the information to be displayed in the insurer's signature section of a document:

- ☐ Claimant file owner's name
The name of the file owner assigned to the claimant at the time of adjudication.
- ☐ Adjudicating user's name
The name of the user who actually registered the adjudication decision, whether or not that user is the claimant file owner.
- ☒ Adjudicating user's name "on behalf of" claimant file owner's name
The names of both the user who registered the adjudication decision and the claimant file owner. Example: "Smith, John on behalf of Jones, Jane".
